SIX STILLS LOCATED BY FEDERAL OFFICER

BUNCH OF REAL BOOZE MANUFACTORIES FOUND BY OFFICERS ON WHOOPING ISLAND WEDNESDAY.

Gathering in six moonshine stills in one raid, Federal Prohibition Enforcement Officer W. L. Cooper made a clean up of a real nest of illicit booze manufactories in the vicinity of Glencoe in a few hours Wednesday afternoon. In connection with the location and destruction of the stills several hundred gallons of buck was also destroyed.

It is hinted the supply of moonshine around New Smyrna will be light for a few days as a result of this visit of destruction by the federal officer.

According to the statement of the federal officer he had been getting information about this nest of stills for some time, but had been waiting to get the exact location of all of them before making his visit of destruction. Sufficient information was obtained Wednesday morning, and accompanied by Deputy Sheriff J. H. Johnson the federal officer made his official visit that afternoon.

One of the stills is said to have been located on the property of J. L. Ditson at Glencoe, within his enclosure, within 200 feet of his house and within 50 feet of the potato patch where he had apparently been working during the morning. Ditson is said to have disclaimed any knowledge of the still being in existence. The still was of 50 gallons capacity and 100 gallons of buck on hand was destroyed by the officers.

The other five stills were found on what is known as "Whooping" island in the big swamp about three miles west of Glencoe. The officers were compelled to wade in water waist deep and in a pouring rain to get to three stills in one bunch. These were destroyed and 250 gallons of buck also destroyed. A little further on two more booze manufactories were located and put out of business.

The federal oficer is said to have the names of the owners of all the stills and his evidence will be turned over to the federal court, to which the owners and operators will have to answer.

Mr. Cooper returned home Sunday from Miami, where he had been for a week attending a session of the federal district court in support of cases he had handled around Miami and West Palm Beach. All of Mr. Cooper's cases were disposed of by the court and a conviction returned in practically every one of them.

Victrola Agency Here

J. Tom Smith has obtained the local agency for the Victrola machines and records and is putting in an up to date line of both machines and records in his jewelry store in the State bank building. Mr. Smith plans to give over the west side of his store to the machines and will soon put in a first class booth, with a machine inside, where new records may be tried out by prospective customers.

Long Drought Broken

The long drought which has prevailed in this section of the state was broken the first of the week, heavy downpours of rain Sunday and Monday giving the ground a good soaking, which has been needed for some time. Grove owners and truck farmers were pleased to see the rain, although in some places the drought had already worked damage to the groves.

Rev. W. H. Cresson Exonerated

The many friends of Rev. W. H. Cresson, archdeacon for this diocese and former rector of the local Episcopal church, will be glad to learn that after a full investigation by the Brevard county grand jury, no true bill was returned against Mr. Cresson for the death of Luther Pixley of Denver, Colo., who was found in an unconscious condition on the Cocoa-Merritt bridge the evening of March 25. Pixley had been fishing on the bridge and it was supposed he had been struck by a passing automobile. A coroner's jury, of which Fred Bryan of Cocoa was foreman, held Mr. Cresson for a hearing, he having driven across the bridge that evening shortly before the injured man was found.

Miss Fearn Hibbard returned home Monday from a visit of a week at the Crane home in Daytona.

GRAMMAR SCHOOL TO CLOSE YEAR TODAY

ALL GRADES BELOW THE EIGHTH WILL COMPLETE WORK BUT HIGH SCHOOL WILL CONTINUE MONTH.

The year's work for all grades in the public school below the eighth grade will close today, and the pupils will enjoy a vacation until the opening of school again in the fall.

The usual closing exercises for the grammar school will be omitted this year because the balance of the school will continue the work, and there will be no formalities connected with the close of the year's work. When the pupils close their books and desks tonight they will merely say goodbye to their teachers and the other pupils and the work around the school building will be carried on in a different way from next Monday morning until the middle of next month.

Originally it was planned that only the work of the high school should be carried through nine months this year, but recently the patrons of the school with children in the eighth grade got together and raised sufficient money to continue that grade for another month and the pupils in this grade will continue their studies along with the high school.

This is the first year in the history of the New Smyrna public school that the school work has been carried for a full nine months' year. The ruling of the Southern Association of High Schools makes it necessary for this time to be put in for every school that remains on the list of accredited schools and the funds necessary to carry the work of the school for another month were raised by popular subscription.

The high school this year will close June 17 and the final exercises marking the close of the school year will be held the week beginning June 12th. Preparations are now being made by members of the senior class for these final exercises, which will mark the ending of what has undoubtedly been the most successful year in the history of the New Smyrna public schools.

MIMS SUNDAY SCHOOL PICNIC AT THE BEACH

One of the biggest picnic outings ever held at Coronado beach was the gathering in connection with the outing of the men's class of the Mims Sunday school, held Wednesday. The picnickers were brought up from Mims in cars, leaving that town at 8 o'clock in the morning and arriving at the beach in time for the start of the program of exercises at 10:30 o'clock.

There were 23 automobiles in the caravan, all of which were decorated, and the party contained about 150 persons.

The program of stunts started at 11 o'clock and the various events and the winners were as follows:

Fifty yard dash for stout ladies, won by Mrs. Simmons; 50 yard dash for slender ladies, won by Mrs. Brannan; prizes donated by Mr. Green.

One hundred yard dash for men, won by Mr. Akins.

Ball throwing contest for young ladies, won by Miss Eula Tate, prize by Mr. Draa.

Fifty yard dash for girls, won by Elsie Price, prize by Mr. Nolle.

Five mile race, won by Herbert Kirshner.

Ball throwing contest, won by Cecil Draa.

Shoe and stocking contest, won by Siln Kyzer, prize by Mr. Draa.

Cracker contest, won by Guy Simmons, prize by Mr. Draa.

Free for all race, won by J. P. Anderson.

One hundred yard dash, won by J. P. Anderson.

Free for all jumping contest, won by Andrews and Ellis.

Twenty-five yard dash for little folks, won by John Hendry, prize by Mr. Brannan.

Dinner was served at 12 o'clock and at 1 o'clock a program of talks was given, the principal one being by Rev. Mr. Ruterer. The superintendent of the Mims Sunday school is P. L. Kyzer.

Capps Owns Bus Line

Ralph Capps has purchased the interest of F. A. Melick in the red bus line running between this city and the beach and is now sole owner of that business, which he will conduct in the future as it has been run lately.

SCHOOL DAYS

LOCAL SCHOOL WINS HONORS AT COUNTY ATHLETIC MEET

Representatives from New Smyrna School Carry off Honors in County Meet Held Last Friday in DeLand Under Auspices of the County Y. M. C. A.

By Lester Robertson

In the county school athletic meet held in DeLand last Friday, under the auspices of the Volusia county Y. M. C. A., and witnessed by a crowd estimated at 1,000, New Smyrna carried away first honors and brought home the beautiful silver cup donated by L. H. Rowe & Co. of Daytona.

Summing up the points made in the meet New Smyrna with a total of 147 easily defeated the other five schools in the county, the nearest school being Daytona with 132 points, DeLand, with 101 points, coming third. The Seabreeze athletes made 51 points, Barberville 14, and Enterprise 3½. This was the first big county meet of school athletes, and it is estimated that more than 100 athletes participated in the events.

Of the four athletes who took individual honors, Hamilton and Lutz of New Smyrna were two, capturing second and third places. Boris of Daytona won first individual honors with 21 points, Hamilton of New Smyrna having one less to his credit. Lutz of New Smyrna was tied at 13 points with Phillipi for third place and Lutz won the decision, giving Phillipi fourth place.

New Smyrna carried off the honors in practically every event in which the school was entered, the excellent team work enabling the school to make such a splendid showing.

Girls' Events

Dorothy Louise Fuller took second place in the 50-yard dash. Dora Bell took fourth place in the broad jump. Dorothy Louise Fuller took first place in the running broad jump, with 11 feet and 8 inches. Helen Hofreiter got second place on the medicine ball throw and Frances Olcott fourth place in the baseball throw. New Smyrna took third place in the girls' relay race, the team being made up of Zelia Bouchelle, Susie Childress, Gladys Vaughn and Aletha Curry.

Class Events

The boys were divided into five groups, according to weight and age, with two entries from each class.

In the first class Douglas Martin took second place in the high jump, first in the broad jump, with 12 feet and 8 inches, first in the standing broad jump, with 7 feet and 5 inches, second in the pull up and third in the baseball throw, making a total of 18 points. In the same group Lionel Mobley took first place in the pull up with 14, third in the 10 seconds run, third in the running broad jump and third in the baseball throw, making a total of 11 points. New Smyrna literally [illegible] up" in this group, with a to[illegible]29 points.

In the [illegible] class John Lutz took about e[illegible]nt in which he was entered, [illegible]first in the 10 seconds run, fi[illegible]high jump, with 4 feet and 4 i[illegible]t in the running broad jump, [illegible] feet and 11 inches, fourth in the baseball throw, and third in the standing broad jump, making a total of 18 points. Clarence Alderman took second in the 10 seconds run, fourth in the standing broad jump, second in the pull up, second in the baseball throw and second in the running broad jump, making a total of 12 points. This group gave New Smyrna a total of 30 points, another of the groups in which this school came out ahead.

In the third class Bill Bird took first in the standing broad jump, with 8 feet and 9 inches, third in the 10 seconds run and fourth in the pull up. Cecil Beck took first in the running broad jump, with 16 feet, tied for first in the chin up, with 16, but flipped for the decision and lost, and third in the high jump.

In the fourth class Charlie Swoope and Dwight Hamilton made a clean getaway with the honors, Swoope placing in every event in which he was entered, with the exception of one, and Hamilton taking first place in four of the events. Swoope took third in the running broad jump, second in the standing broad jump, third in the baseball throw, fourth in the 10 seconds run, third in the high jump, and third in the shot put. Hamilton took first in the standing broad jump, with 8 feet and 9 inches, first in the running broad jump with 17 feet and 7 inches, first in the baseball throw and first in the 10 seconds run. In this group New Smyrna also literally "cleaned up."

In the fifth class Marshall Jones took first in the pull up with 16, third in the high jump, and second in the standing broad jump. Robertson took third in the 10 seconds run, second in the baseball throw and first in the running broad jump, with 18 feet and 3 inches.

Boys' Events

Irwin Disbennett took third place in the 100 yard dash and third place in the discus throw. Swoope made third in the shot put.

One of the prettiest and most interesting events of the meet was the mile run, in which Bob Wilkinson and Allen Smith represented New Smyrna. At the crack of the pistol a lad from Barberville took the lead at a fast pace, followed by other school representatives not quite so fast, and a certain runner took a slow pace far behind the leaders. These positions were continued and there were few who thought for a minute the almost lost runner would ever come anywhere near catching the leaders, but in the last half of the fourth and last lap the positions began to change and a graceful figure could be seen coming up from the rear. In a brief time he had come within 20 feet of the two leaders, Daytona and DeLand, and the last sprint made the DeLanders lose their

(Continued on Page Two.)

PORT ORANGE MAN KILLED IN WOODS

BODY OF COURTLAND SMITH FOUND LYING BY ROAD AT SPRUCE CREEK AFTER SHOTS WERE HEARD.

Lying in the woods alongside the road at Spruce Creek, eight miles west of Port Orange, the body of Courtland Smith of Port Orange was found Wednesday morning with bullet wounds in the body which had proved fatal, the young man being dead when the body was discovered, no trace of the murderer being found.

Smith, who was born and raised in Port Orange, the son of N. J. B. Smith, was 23 years of age, married, left his home early in the morning in search of his cattle, which he knew to be in the Spruce Creek district, west of his home.

When he failed to return home several hours later, a friend, Fred Tedder went in search of him. When near Spruce Creek he met Mrs. Kohlman, who had recently moved from Blake to Spruce Creek, who told Tedder she had heard two shots fired in the woods at the edge of the road. When Tedder approached the spot he discovered Smith, lying on his back.

Tedder returned to Port Orange, where the news was received with consternation. A large body of men left at noon for the spot on Spruce Creek where the young man had so mysteriously met his death.

From reports received there were no witnesses to the killing, and no cause could be given, outside of the fact that he might have been shot by someone hunting in that district. Neither Mrs. Kohlman or Tedder saw anyone in that vicinity at the time.

Port Orange was grief stricken when the news reached that town, as Courtland Smith was well liked and highly respected, as he was in New Smyrna, where he was well known.

Miss Gladys Wilkinson spent last week end with friends in DeLand. Her parents, Mr. and Mrs. A. B. Wilkinson, motored over Sunday and she returned home with them.

POUND ACCEPTS CALL TO PASTORATE HERE

Rev. William Hathaway Pound has accepted the unanimous call extended to him some time ago to become the regular pastor of the local Congregational church, and will continue in that capacity. Rev. and Mrs. Pound will leave the last of next month for a stay of a few weeks in the north and will then return to resume his work here about the first of September.

Rev. Mr. Pound came here last fall to accept the place of pastor of the Congregational church and both he and his wife have made places for themselves in the hearts and esteem of the people of New Smyrna that could scarcely be filled by anyone else. There is general rejoicing, not only among the members of the Congregational church, but throughout the community that Rev. Mr. Pound is to remain with us.

Reception for New Members

A reception to the new members of the Congregational church was extended at the church last Monday evening and the affair was attended by a large number of the members of the church and their friends. A fine program of music and talks was rendered, after which refreshments were served and a pleasant social hour was enjoyed. The program was as follows:

Piano Solo, T. E. Bush.
Reading, Alethea Curry.
Duet, Misses Clements and Sheddan.
Violin Solo, R. E. Lovell.
Reading, Miss Irene Brown.
Piano Duet, Mesdames McDonough and Chilton.
Reading, Miss Clements.
Piano Solo, Miss Edith Newell.
Reading, Miss Turner.
Vocal Solo, Miss Sallie Birch.
Violin Solo, Miss Connor.
Violin Solo, Miss Dora Bell.
Remarks, Rev. Mr. Pound.

Fine Expression Recital

The expression recital given by the pupils of Miss Irene Brown in the public school auditorium Tuesday evening was attended by a large crowd, in spite of the unfavorable weather. The program was well rendered and the ability and training shown by some of the pupils brought much surprise to many in the audience.

JULIA DILZER WINNER POPULARITY CONTEST

PRESENTED WITH WRIST WATCH AND SUM OF $431 IS RAISED FOR BENEFIT OF THE PUBLIC LIBRARY.

With a total of 1,773 votes to her credit, Miss Julia Dilzer was declared the winner of the popularity contest conducted last week, and a total of $431.62 was raised for the purpose of purchasing new books for the New Smyrna public library. This money has been turned over to Mrs. E. J. Westall, librarian, to be used in buying additional books.

More interest in the contest was shown after the announcement of the street dance for Friday night and hundreds of people gathered down town that night to listen to and enjoy the music and dancing on the cement paved street in front of the bandstand. Music was furnished by the high school orchestra, augmented by a number of outside players, under the direction of Miss Connor, and the concert was thoroughly enjoyed.

Tags were sold and one vote allowed for each ten cents paid for each tag, and real interest was stirred up in the voting and purpose for which the money was being contributed.

In the final count of votes Miss Dilzer was found to be the winner. Miss Rose Mary Hammond, with an even 1,000 votes was second in the race, and Miss Marjorie Whiteside, with 889 votes, was third.

The result of the contest in raising funds with which to purchase new books for the library has been satisfactory and shows real interest in the library on the part of the citizens. The wrist watch given as a prize to the winner was contributed by Washington E. Connor, who established and has maintained the library for New Smyrna.

The complete result of the contest is shown by the following tabulation:

Miss Julia Dilzer	1,773
Miss Rose Mary Hammond	1,000
Miss Marjorie Whiteside	889
Mrs. T. W. Bush	94
Miss Kathleen Smith	57
Mrs. Jack Sweatt	51
Miss Lola Silvers	47
Miss Maccie Sheldon	43

NOTICE OF INTENTION TO APPLY FOR LETTERS PATENT

Notice is hereby given that the undersigned will apply to Cary A. Hardee, governor of the State of Florida, on June 6th, A. D. 1921, for Letters Patent in conformity with the following proposed charter, the original of which is now on file in the office of the Secretary of the State of Florida, as provided by law.

T. L. LONG
R. G. KENNEDY
MRS. LILLIAN LONG

We, the undersigned, hereby associate ourselves together for the purpose of becoming incorporated and being a corporation under and by virtue of the laws of Florida, with and under the following proposed charter:

Article I.

The name of this corporation shall be THE CASH SUPPLY COMPANY. The principal place of business of said corporation shall be in Osteen, Volusia County, Florida, and it shall conduct business elsewhere in the State of Florida and such other places in the United States of America as shall be deemed necessary and expedient.

Article II.

The general nature of the business to be conducted and carried on by the said corporation shall be as follows: General mercantile business, buying and selling general merchandise, at retail and wholesale, such as feeds, groceries, hardware, clothing, farm implements, farm machinery, farm products and all allied articles of merchandise. The said corporation shall also have the right to buy and sell live-stock, mules, horses, cattle, hogs, poultry, etc. It shall also have the right to trade in, buy and sell real estate, and to handle, trade in, buy and sell building materials of all kinds. The said corporation shall also have the power of advancing money on personal property or real estate, loaning and borrowing money, issuing and executing bonds and mortgaging on any of its property that it may deem proper, selling any and all kinds of merchandise on commission or otherwise and all other things necessary to conduct a general merchandise business, and generally to have and exercise and enjoy all rights, powers and privileges incident to corporations organized and existing under the laws of the State of Florida.

Article III.

The total authorized capital stock of the corporation is Six Thousand Dollars ($6,000.00) divided into sixty (60) shares of par value of One Hundred Dollars ($100.00) each.

All or any part of the capital stock of this corporation, including the stock subscribed for by the subscribing incorporators, may be payable in or issued for property or used for the purchase of property, labor, or services. A just valuation thereof to be fixed by the incorporators or by the directors at a meeting called for such purpose.

Article IV.

The term for this corporation to exist shall be ninety-nine (99) years from and after the commencement of its corporate existence.

Article V.

The business of the corporation shall be conducted and managed by the President, Secretary and Treasurer and such other officers and agents as the corporation may from time to time authorize. Any two offices may be held by one and the same person. Until the officers of this corporation are elected at the first meeting, the business of the corporation shall be conducted by the following officers: T. L. Long, President, and R. G. Kennedy, Secretary and Treasurer, and the Board of Directors shall consist of T. L. Long, R. G. Kennedy and Mrs. Lillian Long. The directors and officers shall be elected on the second Tuesday in the month of June, beginning with the year 1921. The incorporators and stockholders of the corporation shall meet at eleven o'clock A. M. on the 14th day of June, A. D. 1921, at the office and place of business of the corporation in the Town of Osteen, Volusia County, State of Florida, to adopt the by-laws and complete the organization of the corporation and to transact any and all such business as may come before the stockholders' meeting and this shall be the first annual meeting. The time of holding the annual meeting may be changed and fixed by the by-laws from time to time.

Article VI.

The highest amount of indebtedness or liability that this corporation at any time may subject itself will be One Hundred Thousand Dollars ($100,000.00).

Article VII.

The names and residences of the subscribing incorporators, together with the number of shares of its capital stock subscribed to by each is as follows:

T. L. Long, Jacksonville, Duval County, Florida, fifteen (15) shares.
R. G. Kennedy, Osteen, Volusia County, Florida, thirty (30) shares
Mrs. Lillian Long, Osteen, Volusia County, Florida, fifteen (15) shares.

T. L. LONG
R. G. KENNEDY
MRS. LILLIAN LONG

STATE OF FLORIDA }
} ss
COUNTY OF VOLUSIA }

I hereby certify that on this day before me, a Notary Public in and for the State of Florida at Large, personally appeared T. L. Long, R. G. Kennedy and Mrs. Lillian Long, each and all to me well known and known to be the persons described in and who executed the foregoing proposed charter of THE CASH SUPPLY COMPANY, and severally acknowledged to and before me that they subscribed and executed the same for the uses and purposes therein expressed.

WITNESS my hand and official seal this the 2nd day of Map, A. D. 1921.

ELBERT B. CARTER,
Notary Public, State of Florida at Large.
My Commission expires Dec. 26, 1923.

NOTICE OF SPECIAL TAX SCHOOL DISTRICT ELECTION

The Board of Public Instruction of Volusia County, Florida, hereby calls and orders an election to be held in the following described subdivision of Volusia County, Florida, on Tuesday, the fourteenth (14th) day of June, A. D. 1921, for the following purposes, towit:—

To determine whether the present boundary lines of Special Tax School District No. 28, known as Briggsville, in Volusia County, Florida, shall be extended, and whether the subdivision of Volusia County, Florida, hereinafter described, embracing the present Special Tax School District No. 28 and additional territory, shall be created into a Special Tax School District to be known as Special Tax School District No. 28 and which district shall succeed to all the resources and assume the liabilities of the present Special Tax School District No. 28.

The subdivision hereinbefore referred to lying and being in Volusia County, Florida, is described as follows, to-wit:—

Beginning at the southeast corner of T. 17 S., R. 32 E.; thence north along the R. line to the northeast corner of said T. and R.; thence west along the T. line to the northwest corner of said T. and R.; thence south along the range line to the southwest corner of said T. and R.; thence along the T. line to the northwest corner of Sec. 4, T. 18 S., R. 32 E.; thence south along the west line of Sec. 4, 9, and 16, to the southwest corner of Sec. 16, T. 18 S., R. 32 E.; thence east along the south line of Sec. 16 ,15, 14, and 13, of T. 18 S., R. 32 E., and along the south line of Sec. 18, 17, and 16, of T. 18 S., R. 33 E., to the southeast corner of said Sec. 16; Thence north along the east line of Sec. 16, 9, and 4, T 18 S., R. 33 E., to the north line of said T; thence west along the T. line to the southeast corner of T. 17 S., R. 32 E., and the place of beginning

The Briggsville School House is hereby designated as the place at which said election shall be held, and the following persons are hereby appointed by the Board of Public Instruction, as Inspectors and Clerk of said election G. B. Stone., Chas. Feyle and Otto Carlson, Inspectors, and H. L. Geiger, Clerk.

By order of the Board of Public Instruction of Volusia County, Florida, on this the 5th day of May, A. D. 1921.

V. W. GOULD,
Chairman.
ATTEST:
C. R. M. SHEPPARD,
Secretary.
(may13-jn10)

NOTICE OF SPECIAL TAX SCHOOL DISTRICT ELECTION

The Board of Public Instruction of Volusia County, Florida, hereby calls and orders an election to be held in the following described subdivision of Volusia County, Florida, on Tuesday, the fourteenth (14th) day of June, A D 1921, for the following purposes, towit:—

To determine whether the present boundary lines of Special Tax School District No. 9, known as Oak Hill, in Volusia County, Florida, shall be extended, and whether the subdivision of Volusia County, Florida, hereinafter described, embracing the present Special Tax School District No 9, and additional territory, shall be created into a Special Tax School District to be known as Special Tax School District No. 9 and which district shall succeed to all the resources and assume the liabilities of the present Special Tax School District No 9.

The subdivision hereinbefore referred to lying and being in Volusia County, Florida, is described as follows, to-wit:—

Beginning at a point on the Atlantic Ocean beach where the same is intersected by the south line of T. 19 S.; thence west along the south line of said Township to the Range line between Ranges 33 and 34; thence south along said Range line to the south line of T. 21 S.; thence west along said Township line to the center of the channel of the St. Johns River; thence in a general northerly direction following the channel of said river to its point of intersection with the south line of T. 19 S.; thence east along the south line of said Township to the southwest corner of Sec. 34, T. 19 S., R. 33 E.; thence north along the west line of Sec. 34, 27, 22, 15, 10, and 3, to the south line of T. 18 S.; thence east along the south line of said Township to the west line of the John Lowe grant, Sec. 47, T. 18 S., R. 34 E.; thence northerly along the west line of said grant to its northwest corner; thence easterly along the north line of the John Lowe grant, Sec. 47 and 46, T. 18 S., R. 34 E.; to the northeast corner thereof; thence easterly along the south line of Sec. 25 T. 18S., R. 34 E., and the extension thereof, to a point in the west line of the C. E. McHardy grant, Sec 38, T. 18 S., R. 35 E.; thence southerly along the west line of said grant to its southwest corner; thence easterly along the south line of said grant to a point in the north line of Sec. 31, T. 18 S., R. 35 E.; thence east along the north line of said section and the extension thereof to a point on the Atlantic Ocean beach where the same is intersected by the north line of Sec. 35, T. 18 S, R. 35 E; thence southerly along the Atlantic Ocean Beach to its point of intersection with the south line of T. 19 S., and the place of beginning.

The Oak Hill School House is hereby designated as the place at which said election shall be held, and the following persons are hereby appointed by the Board of Public Instruction, as Inspectors and Clerk of said election. L. L. Williams, E. L. Dyall and J. H. Huskey, Inspectors, and R. J. Brooke, Clerk.

By order of the Board of Public Instruction of Volusia County, Florida, on this the 5th day of May, A. D. 1921.

NOTICE OF SPECIAL TAX SCHOOL DISTRICT ELECTION

The Board of Public Instruction of Volusia County, Florida, hereby calls and orders an election to be held in the following described subdivision of Volusia County, Florida, on Tuesday, the fourteenth (14th) day of June, A D 1921, for the following purposes, towit:—

To determine whether the present boundary lines of Special Tax School District No. 8, known as New Smyrna, in Volusia County, Florida, shall be extended and whether the subdivision of Volusia County, Florida, hereinafter described, embracing the present Special Tax School district No. 8, and additional territory, shall be created into a Special Tax School District to be known as Special Tax School District No. 8 and which district shall succeed to all the resources and assume the liabilities of the present Special Tax School district No 8.

The subdivision hereinbefore referred to lying and being in Volusia County, Florida, is described as follows, to-wit:—

Beginning at a point in the center of the channel of the Halifax River at a point where the south line of Sec. 19, T. 16 S., R. 34 E., if extended westward would intersect the channel of said river; thence westerly to a point in the center of the mouth of Spruce Creek on the west side of the New Smyrna-Daytona County road; thence southerly along the west side of said road to a point in the east side of Turnbull Bay; thence southerly along the east side of Turnbull Bay to a point in the south line of the Lindsley Todd Grant, Sec. 40, T. 17 S., R. 33 E.; thence northeasterly along the south line of said grant to it's point of intersection with the south line of Sec. 1, T. 17 S., R. 33 E.; thence easterly along the south line of said section to the center line of the west half of Sec. 12, of said Township and Range; thence south along the center line of the west half of Sec. 12 and 13, T. 17 S., R. 33 E., to the north line of the Thomas Napier grant, Sec. 43, T. 17 S., R. 33 E.; thence northeasterly along the north line of said grant to the northeast corner thereof; thence southeasterly along the east line of said grant to the north line of the Ambrose Hull grant, Sec. 44 ,T. 17 S., R. 33 E.; thence westerly along said line to the northwest corner of said grant; thence southerly along the west line of said grant to the north line of T. 18 S., R. 34 E.; thence west along said Township line to the northwest corner of said Township and Range; thence south along the Range line between Ranges 33 and 34 of T. 18 S., to the southwest corner of Sec. 6, T. 18 S., R. 34 E.; thence east along the south line of said Sec. 6, and the south line of Sec 5 to the westerly line of the Samuel Betts Grant, Sec. 38, T. 18 S., R. 34 E.; thence southerly along the west line of said grant to the southwest corner thereof; thence easterly along the south line of said grant to the southeast corner thereof; thence southerly along the east line of the John Bolton grant, Sec. 39, T. 18 S., R. 34 E., to it's point of intersection with the south line of Sec. 3, of said Township and Range; thence east along said section line and the extension thereof to the beach of the Atlantic Ocean to a point where said beach is intersected by the south line of Sec. 5, T. 18 S., R. 35 E.; thence following said Atlantic Ocean beach southwesterly to the channel of Mosquito Inlet; thence westerly following said channel to the center of the channel of the Halifax River; thence northerly along the channel of said river to the point of beginning.

The New Smyrna School House is hereby designated as the place at which said election shall be held, and the following persons are hereby appointed by the Board of Public Instruction, as Inspectors and Clerk of said election. R. B. F. Roper, D. J. Bell and N. S. Colee, Inspectors, and C. Ebenbeck, Clerk.

By order of the Board of Public Instruction of Volusia County, Florida, on this the 5th day of May, A. D. 1921.

V. W. GOULD,

Yes Silvertown Cord are included in the 20% Goodrich Tire Price Reduction

Among tires SILVERTOWN is the name that instantly conveys the thought of the highest known quality. Their genuine value has given them first place in the esteem of motorists.

Motor car manufacturers and dealers are quick to emphasize to their prospects that their cars are equipped with Silvertowns—knowing that neither explanation nor argument is necessary.

This makes all the more important the fact that Silvertown Cords are included in our readjustment of tire prices which took effect May 2nd.

THE B. F. GOODRICH RUBBER COMPANY
Akron, Ohio

Your Goodrich dealer is prepared to supply you with Goodrich Silvertown Cords, Goodrich Fabrics and Goodrich Red and Gray Tubes at the 20% price reduction.

RGOT THE YEARS

s Big Men Have Laughed HA-t Father Time.

Ente Records Many Who Defied June Calendar—Too Busy to Take Note of Crow's Feet.

es Canile flatly challenges misconception in his state- Old age is just a pose. A One ally grows old because he Six is dignified. He sits back In C the years do what they like him." It is not so with the sep- arian, who rises at 4 30 and es Highland flings. He shares spirit of Tennyson's "Ulysses," could not bear to sit idle amid aland crags, or of Barrie s 'Peter " who refused to grow up, or of who, according to another poet, the immortal child tarrying all his lifetime in his heart.

We do not have to look long for monumental examples of great men who, like Oliver Wendell Holmes in his poem, "The Boys," and in his per sonal example, defied the calendar To one such perennially young gen tleman, namely, Dr W W Keen, the community that affectionately reveres him is even now preparing to do hon or The will to keep youthful in the spirit seems to be the biggest part of insenescence. We have lately had oc casion to consult the record of a gen tleman named Hepburn, who gradu ated from Princeton in 1832, and did not pass away until 1911, 79 years later, when he had attained the ripe age of ninety-six. Unlike many of the Old Testament patriarchs, of whom nothing is recorded but their exceed ing longevity, Doctor Hepburn was usefully and fruitfully busy through several generations The empire of Japan, a country that never forgets anything or anybody, will forever hold his name in honor among the benefac tors Not merely did he train some of the foremost of her diplomats, but he compiled the famous dictionary that resolved the barriers betwixt the tortuous tongue of Nippon and our own

The thought of growing old is chief ly oppressive to those who never grow anything else Most of those who pro duce, create, achieve, are too busy to study crow's feet in the mirror or cal culate percentages of lime in the bones or acid in the blood They are not forever in a lonely observatory on the outlook for new symptoms They are up and doing, with a whetted appe tite for fresh adventure There is "Labrador" Cabot of Boston, who is forever starting out on a one-man ex pedition among the Indians of the barrens not very far from the deso late spot where the balloon came down with Lieutenant Hinton and his com rades It is useless to tell him that he is too old You might as well try to persuade "Ooom John" Burroughs to quit exploring swamps and forests and playing with squirrels Nature, they tell us has no favorites but she has a way of granting to the natural ists a special grace in growing "old" The life of Fabre, which began in 1823 and did not end until 1915, might be cited, or that of Chevreul, 1786-1889 Many artists, moreover are like St. Gaudens, and "do not count the mor tal years it takes to mold memorial forms." "If I live to be 100," said the modest Hokudai, "perhaps I shall be able to draw a line" Such a man knows what it means to live for many years and to remain forever young be cause forever acquisitive, inquisitive, aspiring.—Philadelphia Ledger.

Paris Not French Capital.

Paris is not the capital of France. This is not a paradox nor a joke, but an official fact. Parisians who are given to an alarmist disposition are disturbed in their minds, for from the fact that Paris has ceased to be the capital of the country since 1914, re sults that all official documents of the republic of France signed since the above date are theoretically illegal.

September 3, 1914, when the govern ment left Paris before the menace of the German advance, the Official Jour nal announced that Bordeaux was henceforward and until further notice the legal capital of France, and offi cial documents dated from Bordeaux Until December this procedure was followed One by one the ministries came back to Paris, and by December 11 all documents were once again dated from Paris

No one, however, in the stress of the times, thought to insert a notice in the Official Journal to the effect that Paris once again had become the cap ital of France

"Ravages" of Education.

An insurance man, speaking to a congress of general agents and man agers in St Louis, reminded his hear ers that of the ten thousand men whose names appear in "Who's Who,' only 39 had no schooling, 1,008 had a grade school education, 1,545 a high school training and 5,990 are college graduates Will somebody page the Missouri solon who argued learnedly against the bill to raise the prepara tory requirements of rural teachers in this state by shouting that Abraham Lincoln never had a high-school ed ucation?—St Louis Post Dispatch

Remote Reminiscence.

"The boys never sing 'Landlord, Fill the Flowing Bowl,' any more"

"No,' replied Uncle Bill Bottletop "The nearest we ever get to a drink ing song now is 'Comin' Through the Rye.'"

Women Rat Catchers.

The latest sphere of women's ac tivities is rat catching!

Two women at Red Shanks, Farcet, caught 28 rats in one morning Wear ing suitable clothing and accompan ied by two dogs, the woman rat- catchers attend at farms where thresh ing is in progress It is said that the women enjoy their job and that the farmers are enthusiastic in their praise—London Times

Living.

"The cost of living is coming down"

"So I've heard," said Farmer Corn tossel, "but cheaper food won t solve the expense problem for folks who don't believe they are living unless they attend all the parties and see all the motion pictures."

WHY SEEK MOSS?

Writer Takes Issue With Old, Well-Worn Proverb.

Keep Rolling Until a Good Place to Stop Is Found, Is Advice He Hands Out.

"The rolling stone," we are impressively told, "gathers no moss." But who suggests that moss is a desirable article to accumulate? Uncle Dudley writes in the Boston Globe.

One of the penalties of being young is having it dinged into our ears: "You ought to settle down"

When ought I to settle down? At eighteen? At twenty five? At thirty-five? If "settling down" is taken to mean what it means on most lips one ought never to settle down at all For on most lips "settling down" means nothing more nor less than stale stag nation

Every intelligent reader knows that many, if not most, of his luckiest finds have come while browsing along the book shelves. To be sure, one needs to know how to use a library, how to choose a topic and use catalogues and indexes to dig up the material But there is something to be got by per sonal contact with the book shelves which no catalogue can give You wan der along, plucking down now this volume, now that. That one is mild ly entertaining, this one is dull, an other might be valuable, when Hello! Here it is! Every page emblazoned as with letters of gold, and the day on which you discovered it was one of the high days

There are a few fortunate people whose natural bents are so pronounced that they know at quite an early age exactly what they wish to do as a life work But such people are relatively few

Do they tell you that it is impor tant to get your life work started early? It is far more important to find the life work which you were meant to do, whether you find it early or late One ought never to be so settled down that he cannot take up a new kind of work if he is convinced that it is more valuable to himself or to the community than the kind he is in; convinced, in short, that it pro vides a better outlet for his powers.

The spectacle of a man or woman tied for life to the wrong mate is not half so pitiable as the spectacle of a man or woman tied for life to the wrong job

The father who says to the son in his 'teens or early '20s, "It is high time you made up your mind what you are going to do," is as ridiculous as a phy sician telling a baby it is high time he went out for the football team In one's teens or twenties it is, to be sure, high time one is busy and active about some sort of productive labor, but to suggest that the job at this age should be one's permanent choice is ruinous folly It may prove to be the very thing, but if it should not, one will want an emergency exit

Does it ever occur to us that the hope of the world lies mainly in just these untamed spirits who refuse to settle down?

WENT UP IN RECORD TIME

Comfortable House That Was Begun and Practically Completed in a Single Day.

A farmer in one of the Middle West ern states bought material for a house and then discovered that for lack of means he could not go on with it. The stuff lay on the ground for months, when one day a generous thought came into the mind of a con tracting builder. He called his men around him and asked for volunteers to build the farmer's cottage, telling them he would undertake to do it with in one day if they would contribute their work. Twenty-six carpenters, ma sons and painters agreed, on the con dition that the farmer would furnish a chicken dinner, and a time was fixed for all to report at the site of the pro posed building

Every man appeared on time and all went at once to work Each worker was assigned to a particular part, and the house began to go up with a rush. When noon came the framework was all up and the chimney was started.

Then came dinner The wife of the farmer had fried two dozen chickens There were ten loaves of bread, four dozen ears of corn and nearly a bushel of mashed potatoes The dessert con sisted of cherry cobbler and various kinds of pie The contractor had to call off his men for fear they would eat so much they would not be able to finish the job

The hurry began again. Before the roof was on the plasterers were at work, and at exactly six o'clock the cottage was finished, all but the sec ond coat of paint and the skim plas ter neither of which could be put on before the first coat dried Everything else, even to putting on the locks and hinges was done before the men were called off, and done well

The contractor complimented his men when the job was complete He said that although he had done "hurry' work before, he had never known a house to be begun and com pleted in a day

Unidentified Sea Monster.

A sea monster believed to have come up from the depths of the Gulf stream to die and drifted into the shallow water north of the Key, where it was discovered by E. E Garretson is a subject for much inquiry by scien tists A fragment of the skull, weigh ing three tons and measuring 16 feet in length and 7 feet across, was taken to Miami in tow of the yacht Corsair Thousands of curious persons visited the dock, but none could name the creature and Mr Garretson was un certain as to the species to which it belongs He is inclined to the opin ion, however, it is a giant squid, for the only bone he could salve was the skull Mr Garretson declared that when he first saw the monster it was surrounded by sharks which were de vouring the flesh He did not know how long it was as he saw only 80 or 90 feet of it, with the head protruding 6 or 8 feet above the water Mr Gar retson, with the aid of the yacht, pulled the head from the body and in doing so broke the skull He is con fident there is another piece of the skull there as large, or larger, than the fragment he took to Miami

Perfume at $90 Per Ounce.

The harvest of Bavarian roses for last year being one of the worst on record the price of the essence has gone up very considerably The wholesale price just now is round about $20 an ounce Before the war it was $7 Contr ry to popular be lief however, attar of roses is by no means the most expensive scent on the market Civet is worth wholesale just now $25 an ounce and musk $90, ambergris which forms the basis for nearly all the best quality scents costs $60 an ounce and is hard to get at that These prices refer in the case of perfumes to the essential oils one or two drops of which will make quite a decent sized bottle of scent Only dealers in precious stones carry more valuable stock in a small space than the dealers in these highly con centrated essential oils A quite mod erate-sized safe in the office of a firm of wholesale perfumers will frequent ly contain stock worth $125,000

Hawaiian Volcano Active.

The great volcano Kilauea 32 miles from Hilo Hawaii, which for two years has been exhibiting tremendous volcanic force recently overflowed the rim of its active throat and burst forth in fresh activity and brilliance After weeks of steady rising of the lava in the pit of Halemaumau, the "House of Fire,' the molten column reached the rim and poured over it toward the southeast side of the great crater while simultaneously another lava stream burst through the crater floor some distance from the first Hundreds of fire fountains began play ing on the numerous lava lakes and sheets of flame gushed intermittently from beneath the crust surface Along the main line of the old rift which the new flows followed sev eral la a cones of small craters have formed nd these add to the spec tacles with her thundering blasts of steam and fire

A Realist.

'Did you ever see that good old play 'Ten Nights in a Barroom?"

No answered Cactus Joe "I d dn' like the title It wasn t true to human nature I never knew a man with money enough to last ten nights and I never heard of a bar tender who would let him hang around after he was broke'

WHY SUFFER SO?

Why suffer from a bad back, from sharp shdoting twinges, headaches, dizziness and distressing urinary ills? People around here recommend Doan s Kidney Pills Could you ask for stronger proof of merit?

W A Morris, deputy sheriff, 12 Florida Ave, DeLand, Fla, says Kidney trouble clung to me for a long time Often I would be bothered with severe backaches and in fact got so bad at one time I was laid up for sixteen days I could hardly stoop or straighten and my kidneys acted too frequently especially at night, and broke my rest I began using Doan's Kidney Pills and was soon benefited S nce then I have frequently used Doan s and they have never failed to bring the same good results I can certainly say that Doan's Kidney Pills are the best remedy I have ever taken for my kidneys and I gladly give this endorsement (Statement given May 20 1914)

On March 21, 1918, Mr Morris said I am glad of this opportunity to again endorse Doan s Kidney Pills for they have always given me quick re lief from any attack that I have had"

THE NEWS FOR PRINTING

You'll enjoy the sport of rolling 'em with P. A.!

FIRST thing you do next—go get some makin's papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and say ing maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words em phatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented proc ess! Certainly—you smoke P. A. from sun up till you slip between the sheets with out a comeback.

Prince Albert is the tobac co that revolutionized pipe smoking. If you never could smoke a pipe — forget it! You can—AND YOU WILL —if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

Prince Albert is sold in toppy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass fumi dor with sponge moistener top

CORONADO NEWS

S H. Barber remains quite ill at his home here.

Mrs. Vans Agnew and children of Kissimmee are spending a short time in Coronado, stopping in one of the John Adams apartments.

Mr. and Mrs. C. A. Price and family of New Smyrna have taken an apartment in the Cooper house for the summer months and moved over Tuesday.

Mrs Hannah Sleighel, who has been spending the winter in the Goodwin cottage on the river shore, left Wednesday for her home in Reading, Pa.

W. L. Cooper and Wm. Schreck returned Sunday from Miami, where they attended federal court in session there last week.

Repair work has been started on the bridge and before it is finished a great deal of repairing will be done. It is understood it will not be necessary to close the bridge for any length of time.

Mr. and Mrs. T. E. Griost and sister, Mrs. Almeda Thompson, and daughter, Miss Mary Griest, left on Wednesday morning for their home in Fleming, Pa. The Griest family are permanent winter residents of Coronado and their return early next fall is looked forward to by a host of friends.

A number of friends and neighbors enjoyed a picnic supper at the pavilion last Friday evening. An elegant meal was served at 6 o'clock, after which a social hour was enjoyed. Those present were Mr. and Mrs. Brockway of Hawks Park, Mr. and Mrs. Will Silsby. Mr. and Mrs. Tutor, and Mesdames John Silsby and Paul Wooden.

The W. C. T. U. has purchased a new blackboard and it has been set opposite the postoffice for use when notices are to be given of meetings. The regular semi-monthly meeting of the W. C. T. U. will be held this afternoon from 3:30 to 4:30 o'clock at the home of Mrs. J. A. Reed. A full attendance of members is urged.

The largest picnic party of the season came from Mims Wednesday and enjoyed an all-day picnic outing on the beach and at Brann's pavilion. It was the Mims union Sunday school and they came in about 25 automobiles decorated in the school colors and American flags, with more than 150 pupils and teachers in attendance. Various forms of entertainment were provided and enjoyed, chief among them being the surf bathing.

*Screen doors, screen window frames and screen porches, machine made, quick service. H. Conrad, Phone 115.

DISSOLUTION NOTICE

Notice is hereby given that the partnership formerly existing between J. R. Sams and L. W. Fisher in the Dixie Garage has been dissolved by mutual consent, Mr. Fisher having retired from the business. Mr. Sams will continue the business of the Dixie Garage, collecting all accounts and paying all bills.

J. R. SAMS

NOTICE OF APPOINTMENT

Notice is hereby given that the undersigned has been appointed Executor of the estate of W. L. Widemeyer, deceased, and all heirs at law, legatees, devisees, creditors and all persons having claims or demands against said estate will present them to the undersigned, duly authenticated, within the time prescribed by law, or the same will forever be barred.

This 18th day of May; A. D. 1921.

MRS. MAY WIDEMEYER.

(my20-jly15) New Smyrna, Florida

NAME IS CHANGED TO HIBBARD HARDWARE CO.

By authority of a change in s charter, the name of the Pitzer Furniture and Hardware Company has been changed to the Hibbard Hardware Company and the business will be conducted in future under the new name, with no change in the officers or stockholders. The business has been conducted under the Pitzer name since it was established by Geo. Pitzer many years ago, the stock company being formed to take over the business after the death of Mr. Pitzer a number of years ago. Mr. Hibbard has been secretary, treasurer and general manager of the company since it was formed.

CROSS-STATE CANAL SURVEYS ARE MADE

Preliminary surveys, of what will eventually be a deep water cross-state canal, extending from Mosquito Inlet on the East Coast to Port Inglis on the West Coast, cutting a straight canal through the center of Florida and thereby cutting off more than 1,000 miles of the route by steamer from New York to New Orleans, have been made this week at this end of the proposed route, while surveys are being continued west on the proposed route.

Henry H. Read of New York, author of "Read's Waterway of America," and noted propagandist for the steamship trust is now making a preliminary survey for a report to his employers on the feasibility of such a plan which has been broached for many years, but which, will now become a reality, according to reports which Mr Read has made to the steamship trust

The plans on which Mr. Read and his employers are working call for the making of Mosquito Inlet the port of entry for ships from New York, the dredging of Spruce Creek, the canal to follow the waterways to that point, where large dockages will be constructed, a canal 35 feet deep built, of 300 feet wide. The canal will then take a course west from Spruce Creek through Sanford and Lake county, to Port Inglis, just south of Cedar Keys.

While the project of building a 35 foot canal, 300 feet wide, is an immense one, Mr. Read is of the opinion that it could be completed in three years time, and believes that work will be commenced as soon as he finishes the survey which he is making westward at this time.

The building of large dockage facilities at Spruce Creek, where the Dixie Highway crosses the creek, and the dredging of the creek and Mosquito Inlet up to the dockages, will be one of the largest undertakings of the entire project.

The new plan of cutting the canal across state from Mosquito Inlet to Port Inglis, instead of following the former plan which has been talked for many years of following the St. Johns across the eastern portion of the state has been substituted as it will allow a route shorter, by 150 miles it is claimed.

The survey being made at this time is backed by the large steamship lines or the trust as it is called, comprised of lines operating boats from New York to New Orleans and Mexico. By the cross-state canal at this point more than a thousand miles will be elimated from the trip, making a saving in time and expenses which it is claimed would soon pay for the building of the canal.

The project is the largest ever broached in the state, and will mean an industrial boom for this part of the state such as has never been seen, according to those back of the present plan, furnishing as it will a direct line for shipment of materials, and bringing the East Coast, industrially, within a few days of New York.—Daytona Daily News.

BREVARD WOULD LIKE PART OF THIS COUNTY

A strong effort has been made during the last week by several influential citizens of Titusville to get Volusia county to cede to Brevard county the lower end of the strip of land along the St. Johns river in the extreme south end of Volusia county It is said the tract desired by the Brevard county citizens contains approximately 14,000 acres at the south end of this strip, below Lake Harney

The matter was taken up by the Brevard county commissioners with the Volusia county commissioners, who referred the matter to Commissioner Beck, who represents this district on the county board. Commissioner Beck, in order to get the sentiment of the people of this section on the question, has asked the New Smyrna-Coronado Board of Trade to vote on the matter and a postal card ballot is now being taken among the members of the board of trade.

The Titusville men attended the meeting of the board of trade last week, explaining to the members that the reason for their asking for this strip of land is because they want to construct a hard surfaced road from Titusville to meet a road from Orlando and the state law will not permit them to spend Brevard county money to construct this road across the strip in Volusia county. If it is ceded to Brevard they can build the road The Brevard county men state plainly they are not willing to exchange an equal number of acres in the east part of Brevard county, and in fact will give nothing in return. They will be very willing to take the land as a gift from Volusia county.

If Brevard county was disposed to make a fair exchange the proposition might be considered favorably, but there is a strong sentiment here against permitting the county board to cede this land to Brevard county. It is said if this land is given to Brevard county it will take away about $6,000 in taxes from this district, practically 51% of which will have to be made up by the city of New Smyrna.

Every member of the board of trade should vote against the proposition

CAR GOES OFF BRIDGE DRIVER BADLY HURT

W. C. Syple, local salesman for Armour & Co., was badly hurt late Monday afternoon, while driving between New Smyrna and Oak Hill, when the radius rod cap of his Ford came loose and he crashed through the side of a bridge, and down into a six-foot ditch. It is said that just as he was approaching the small bridge a short distance this side of Oak Hill the cap on the radius rod worked loose and he lost control of the car, and not being able to stop in time, broke through the side of the bridge and went into 18 inches of water. His arms and legs were badly scratched, but he is now up and able to get around.

Church Notes

Trinity M. E. Church—
Rev. W. S. Gray, Pastor.
Sunday school at 10 a. m.
Preaching services at 11 a. m. and 8 p. m.
Morning service Father's day program. Come and bring Daddy.
Evening, sermon by paster.
Wednesday night Bible study after the Billy Sunday method.

Coronado
Sunday school at 2:30 p. m. Preaching at 3:30. Bible study class at 7:30. Mid-week service Thursday at 7.30.

Episcopal Church—
Rev. William B. Hays, rector.

The Mystery of the Cook's Pet Parrot

A FUNNY paper recently.
SLIPPED ME a good laugh.
WITH A wheeze about.
A FAMOUS ventriloquist.
AND WHY he had quit.
THE VAUDEVILLE stage.
IT SAID he discovered.
HE COULD make more jack.
SELLING WOODEN parrots.
SO WHEN I got home.
I PASSED the joke.
TO OUR cook, who owns.
BOTH A speechless parrot.
AND A sense of humor.
BUT SHE muffed it.
BECAUSE SHE didn't know.
WHAT A ventriloquist was.
SO I had to explain it.
AND ON the way out.

I BLEW just a whiff.
OF CIGARETTE smoke.
AT HER amusing old.
FOOL OF a parrot.
WHICH NEVER talks.
AND I said, "Poll.
HOW D'YOU like it?"
AND TO this day.
IT'S GOT me guessing.
WHETHER IT was cook.
OR THE blamed bird.
WHICH SQUAWKED back.
"THEY SATISFY."

SIX STILLS LOCATED BY FEDERAL OFFICER

BUNCH OF REAL BOOZE MANUFACTORIES FOUND BY OFFICERS ON WHOOPING ISLAND WEDNESDAY.

Gathering in six moonshine stills in one raid, Federal Prohibition Enforcement Officer W. L. Cooper made a clean up of a real nest of illicit booze manufactories in the vicinity of Glencoe in a few hours Wednesday afternoon. In connection with the location and destruction of the stills several hundred gallons of buck was also destroyed.

It is hinted the supply of moonshine around New Smyrna will be light for a few days as a result of this visit of destruction by the federal officer.

According to the statement of the federal officer he had been getting information about this nest of stills for some time, but had been waiting to get the exact location of all of them before making his visit of destruction. Sufficient information was obtained Wednesday morning, and accompanied by Deputy Sheriff J. H. Johnson the federal officer made his official visit that afternoon.

One of the stills is said to have been located on the property of J. L. Ditson at Glencoe, within his enclosure, within 200 feet of his house and within 50 feet of the potato patch where he had apparently been working during the morning. Ditson is said to have disclaimed any knowledge of the still being in existence. The still was of 50 gallons capacity and 100 gallons of buck on hand was destroyed by the officers.

The other five stills were found on what is known as "Whooping" island in the big swamp about three miles west of Glencoe. The officers were compelled to wade in water waist deep and in a pouring rain to get to three stills in one bunch. These were destroyed and 250 gallons of buck also destroyed. A little further on two more booze manufactories were located and put out of business.

The federal oficer is said to have the names of the owners of all the stills and his evidence will be turned over to the federal court, to which the owners and operators will have to answer.

Mr. Cooper returned home Sunday from Miami, where he had been for a week attending a session of the federal district court in support of cases he had handled around Miami and West Palm Beach. All of Mr. Cooper's cases were disposed of by the court and a conviction returned in practically every one of them.

Victrola Agency Here

J. Tom Smith has obtained the local agency for the Victrola machines and records and is putting in an up to date line of both machines and records in his jewelry store in the State bank building. Mr. Smith plans to give over the west side of his store to the machines and will soon put in a first class booth, with a machine inside, where new records may be tried out by prospective customers.

Long Drought Broken

The long drought which has prevailed in this section of the state was broken the first of the week, heavy downpours of rain Sunday and Monday giving the ground a good soaking, which has been needed for some time. Grove owners and truck farmers were pleased to see the rain, although in some places the drought had already worked damage to the groves.

Rev. W. H. Cresson Exonerated

The many friends of Rev. W. H. Cresson, archdeacon for this diocese and former rector of the local Episcopal church, will be glad to learn that after a full investigation by the Brevard county grand jury, no true bill was returned against Mr. Cresson for the death of Luther Pixley of Denver, Colo., who was found in an unconscious condition on the Cocoa-Merritt bridge the evening of March 26. Pixley had been fishing on the bridge and it was supposed he had been struck by a passing automobile. A coroner's jury, of which Fred Bryan of Cocoa was foreman, held Mr. Cresson for a hearing, he having driven across the bridge that evening shortly before the injured man was found.

Miss Fearn Hibbard returned home Monday from a visit of a week at the Crane home in Daytona.

GRAMMAR SCHOOL TO CLOSE YEAR TODAY

ALL GRADES BELOW THE EIGHTH WILL COMPLETE WORK BUT HIGH SCHOOL WILL CONTINUE MONTH.

The year's work for all grades in the public school below the eighth grade will close today, and the pupils will enjoy a vacation until the opening of school again in the fall.

The usual closing exercises for the grammar school will be omitted this year because the balance of the school will continue the work, and there will be no formalities connected with the close of the year's work. When the pupils close their books and desks tonight they will merely say goodbye to their teachers and the other pupils and the work around the school building will be carried on in a different way from next Monday morning until the middle of next month.

Originally it was planned that only the work of the high school should be carried through nine months this year, but recently the patrons of the school with children in the eighth grade got together and raised sufficient money to continue that grade for another month and the pupils in this grade will continue their studies along with the high school.

This is the first year in the history of the New Smyrna public school that the school work has been carried for a full nine months' year. The ruling of the Southern Association of High Schools makes it necessary for this time to be put in for every school that remains on the list of accredited schools and the funds necessary to carry the work of the school for another month were raised by popular subscription.

The high school this year will close June 17 and the final exercises marking the close of the school year will be held the week beginning June 12th. Preparations are now being made by members of the senior class for these final exercises, which will mark the ending of what has undoubtedly been the most successful year in the history of the New Smyrna public schools.

MIMS SUNDAY SCHOOL PICNIC AT THE BEACH

One of the biggest picnic outings ever held at Coronado beach was the gathering in connection with the outing of the men's class of the Mims Sunday school, held Wednesday. The picnickers were brought up from Mims in cars, leaving that town at 8 o'clock in the morning and arriving at the beach in time for the start of the program of exercises at 10:30 o'clock.

There were 23 automobiles in the caravan, all of which were decorated, and the party contained about 150 persons.

The program of stunts started at 11 o'clock and the various events and the winners were as follows:

Fifty yard dash for stout ladies, won by Mrs. Simmons; 50 yard dash for slender ladies, won by Mrs. Brannan; prizes donated by Mr. Green.

One hundred yard dash for men, won by Mr. Akins.

Ball throwing contest for young ladies, won by Miss Eula Tate, prize by Mr. Draa.

Fifty yard dash for girls, won by Elsie Price, prize by Mr. Nolle.

Five mile race, won by Herbert Kirshner.

Ball throwing contest, won by Cecil Draa.

Shoe and stocking contest, won by Siln Kyzer, prize by Mr. Draa.

Cracker contest, won by Guy Simmons, prize by Mr. Draa.

Free for all race, won by J. P. Anderson.

One hundred yard dash, won by J. P. Anderson.

Free for all jumping contest, won by Andrews and Ellic.

Twenty-five yard dash for little folks, won by John Hendry, prize by Mr. Brannan.

Dinner was served at 12 o'clock and at 1 o'clock a program of talks was given, the principal one being by Rev. Mr. Ruterer. The superintendent of the Mims Sunday school is P. L. Kyzer.

Capps Owns Bus Line

Ralph Capps has purchased the interest of F. A. Melick in the red bus line running between this city and the beach and is now sole owner of that business, which he will conduct in the future as it has been run lately.

SCHOOL DAYS

LOCAL SCHOOL WINS HONORS AT COUNTY ATHLETIC MEET

Representatives from New Smyrna School Carry off Honors in County Meet Held Last Friday in DeLand Under Auspices of the County Y. M. C. A.

By Lester Robertson

In the county school athletic meet held in DeLand last Friday, under the auspices of the Volusia county Y. M. C. A., and witnessed by a crowd estimated at 1,000, New Smyrna carried away first honors and brought home the beautiful silver cup donated by L. H. Rowe & Co. of Daytona.

Summing up the points made in the meet New Smyrna with a total of 147 easily defeated the other five schools in the county, the nearest school being Daytona with 132 points, DeLand, with 101 points, coming third. The Seabreeze athletes made 51 points, Barberville 14, and Enterprise 3½. This was the first big county meet of school athletes, and it is estimated that more than 100 athletes participated in the events.

Of the four athletes who took individual honors, Hamilton and Lutz of New Smyrna were two, capturing second and third places. Boris of Daytona won first individual honors with 21 points, Hamilton of New Smyrna having one less to his credit. Lutz of New Smyrna was tied at 18 points with Phillipi for third place and Lutz won the decision, giving Phillipi fourth place.

New Smyrna carried off the honors in practically every event in which the school was entered, the excellent team work enabling the school to make such a splendid showing.

Girls' Events

Dorothy Louise Fuller took second place in the 50-yard dash. Dora Bell took fourth place in the broad jump. Dorothy Louise Fuller took first place in the running broad jump, with 11 feet and 8 inches. Helen Hofreiter got second place on the medicine ball throw and Frances Olcott fourth place in the baseball throw. New Smyrna took third place in the girls' relay race, the team being made up of Zelia Bouchelle, Susie Childress, Gladys Vaughn and Aletha Curry.

Class Events

The boys were divided into five groups, according to weight and age, with two entries from each class.

In the first class Douglas Martin took second place in the high jump, first in the broad jump, with 12 feet and 8 inches, first in the standing broad jump, with 7 feet and 5 inches, second in the pull up and third in the baseball throw, making a total of 13 points. In the same group Lionel Mobley took first place in the pull up with 14, third in the 10 seconds run, third in the running broad jump and third in the baseball throw, making a total of 11 points. New Smyrna literally [illegible] up" in this group, with a to[illegible]29 points.

In the [illegible] class John Lutz took about e[illegible]nt in which he was entered, [illegible]irst in the 10 seconds run, fir[illegible] high jump, with 4 feet and 4 [illegible]t in the running broad jump, [illegible] feet and 11 inches, fourth in the baseball throw, and third in the standing broad jump, making a total of 18 points. Clarence Alderman took second in the 10 seconds run, fourth in the standing broad jump, second in the pull up, second in the baseball throw and second in the running broad jump, making a total of 12 points. This group gave New Smyrna a total of 30 points, another of the groups in which this school came out ahead.

In the third class Bill Bird took first in the standing broad jump, with 8 feet and 9 inches, third in the 10 seconds run and fourth in the pull up. Cecil Beck took first in the running broad jump, with 16 feet, tied for first in the chin up, with 16, but flipped for the decision and lost, and third in the high jump.

In the fourth class Charlie Swoope and Dwight Hamilton made a clean getaway with the honors, Swoope placing in every event in which he was entered, with the exception of one, and Hamilton taking first place in four of the events. Swoope took third in the running broad jump, second in the standing broad jump, third in the baseball throw, fourth in the 10 seconds run, third in the high jump, and third in the shot put. Hamilton took first in the standing broad jump, with 8 feet and 9 inches, first in the running broad jump with 17 feet and 7 inches, first in the baseball throw and first in the 10 seconds run. In this group New Smyrna also literally "cleaned up."

In the fifth class Marshall Jones took first in the pull up with 16, third in the high jump, and second in the standing broad jump. Robertson took third in the 10 seconds run, second in the baseball throw and first in the running broad jump, with 18 feet and 3 inches.

Boys' Events

Irwin Disbennett took third place in the 100 yard dash and third place in the discus throw. Swoope made third in the shot put.

One of the prettiest and most interesting events of the meet was the mile run, in which Bob Wilkinson and Allen Smith represented New Smyrna. At the crack of the pistol a lad from Barberville took the lead at a fast pace, followed by other school representatives not quite so fast, and a certain runner took a slow pace far behind the leaders. These positions were continued and there were few who thought for a minute the almost lost runner would ever come anywhere near catching the leaders, but in the last half of the fourth and last lap the positions began to change and a graceful figure could be seen coming up from the rear. In a brief time he had come within 20 feet of the two leaders, Daytona and DeLand, and the last sprint made the DeLanders lose their

(Continued on Page Two.)

PORT ORANGE MAN KILLED IN WOODS

BODY OF COURTLAND SMITH FOUND LYING BY ROAD AT SPRUCE CREEK AFTER SHOTS WERE HEARD.

Lying in the woods alongside the road at Spruce Creek, eight miles west of Port Orange, the body of Courtland Smith of Port Orange was found Wednesday morning with bullet wounds in the body which had proved fatal, the young man being dead when the body was discovered, no trace of the murderer being found.

Smith, who was born and raised in Port Orange, the son of N. J. B. Smith, was 23 years of age, married, left his home early in the morning in search of his cattle, which he knew to be in the Spruce Creek district, west of his home.

When he failed to return home several hours later, a friend, Fred Tedder went in search of him. When near Spruce Creek he met Mrs. Kohlman, who had recently moved from Blake to Spruce Creek, who told Tedder she had heard two shots fired in the woods at the edge of the road. When Tedder approached the spot he discovered Smith, lying on his back.

Tedder returned to Port Orange, where the news was received with consternation. A large body of men left at noon for the spot on Spruce Creek where the young man had so mysteriously met his death.

From reports received there were no witnesses to the killing, and no cause could be given, outside of the fact that he might have been shot by someone hunting in that district. Neither Mrs. Kohlman or Tedder saw anyone in that vicinity at the time.

Port Orange was grief stricken when the news reached that town, as Courtland Smith was well liked and highly respected, as he was in New Smyrna, where he was well known.

Miss Gladys Wilkinson spent last week end with friends in DeLand. Her parents, Mr. and Mrs. A. B. Wilkinson, motored over Sunday and she returned home with them.

POUND ACCEPTS CALL TO PASTORATE HERE

Rev. William Hathaway Pound has accepted the unanimous call extended to him some time ago to become the regular pastor of the local Congregational church, and will continue in that capacity. Rev. and Mrs. Pound will leave the last of next month for a stay of a few weeks in the north and will then return to resume his work here about the first of September.

Rev. Mr. Pound came here last fall to accept the place of pastor of the Congregational church and both he and his wife have made places for themselves in the hearts and esteem of the people of New Smyrna that could scarcely be filled by anyone else. There is general rejoicing, not only among the members of the Congregational church, but throughout the community that Rev. Mr. Pound is to remain with us.

Reception for New Members

A reception to the new members of the Congregational church was extended at the church last Monday evening and the affair was attended by a large number of the members of the church and their friends. A fine program of music and talks was rendered, after which refreshments were served and a pleasant social hour was enjoyed. The program was as follows:

Piano Solo, T. E. Bush.
Reading, Alethea Curry.
Duet, Misses Clements and Sheddan.
Violin Solo, R. E. Lovell.
Reading, Miss Irene Brown.
Piano Duet, Mesdames McDonough and Chilton.
Reading, Miss Clements.
Piano Solo, Miss Edith Newell.
Reading, Miss Turner.
Vocal Solo, Miss Sallie Birch.
Violin Solo, Miss Connor.
Violin Solo, Miss Dora Bell.
Remarks, Rev. Mr. Pound.

Fine Expression Recital

The expression recital given by the pupils of Miss Irene Brown in the public school auditorium Tuesday evening was attended by a large crowd, in spite of the unfavorable weather. The program was well rendered and the ability and training shown by some of the pupils brought much surprise to many in the audience.

JULIA DILZER WINNER POPULARITY CONTEST

PRESENTED WITH WRIST WATCH AND SUM OF $431 IS RAISED FOR BENEFIT OF THE PUBLIC LIBRARY.

With a total of 1,773 votes to her credit, Miss Julia Dilzer was declared the winner of the popularity contest conducted last week, and a total of $431.62 was raised for the purpose of purchasing new books for the New Smyrna public library. This money has been turned over to Mrs. E. J. Westall, librarian, to be used in buying additional books.

More interest in the contest was shown after the announcement of the street dance for Friday night and hundreds of people gathered down town that night to listen to and enjoy the music and dancing on the cement paved street in front of the bandstand. Music was furnished by the high school orchestra, augmented by a number of outside players, under the direction of Miss Connor, and the concert was thoroughly enjoyed.

Tags were sold and one vote allowed for each ten cents paid for each tag, and real interest was stirred up in the voting and purpose for which the money was being contributed.

In the final count of votes Miss Dilzer was found to be the winner. Miss Rose Mary Hammond, with an even 1,000 votes was second in the race, and Miss Marjorie Whiteside, with 889 votes, was third.

The result of the contest in raising funds with which to purchase new books for the library has been satisfactory and shows real interest in the library on the part of the citizens. The wrist watch given as a prize to the winner was contributed by Washington E. Connor, who established and has maintained the library for New Smyrna.

The complete result of the contest is shown by the following tabulation:

Miss Julia Dilzer	1,773
Miss Rose Mary Hammond	1,000
Miss Marjorie Whiteside	889
Mrs. T. W. Bush	94
Miss Kathleen Smith	57
Mrs. Jack Sweatt	51
Miss Lola Silvers	47
Miss Maccie Sheldon	43

Many Take Masonic Degree

A large number of members of the Royal Arch chapter from this city attended the regular meeting of the chapter in Daytona last Thursday night, when a class of 15 candidates was given the initiation work in the order. Among those from this city who received the degrees were R. P. Gore, J. T. Brooke, W. G. Chilton, E. M. Little, Chas. Croghan, F. L. Moore, W. R. Griffin and C. H. Langford.

Resolutions of respect, poetry, obituaries, church festival advertisements and similar notices of charitable, benevolent or church societies, advertising even from which money is to be received, are charged for at half rate, or five cents per line for each insertion.

The world is full of grafters and there are many ways of obtaining "easy money," and so many of them have been worked in this city it seems like it is impossible to spring a new one here, but the latest thing in this line was pulled off here last week. The victims are still wondering why it has never been worked around here before Dave Disbennett's business as an undertaker does not furnish the most pleasant job to be found and it isn't often that an undertaker is made the victim of a skin game, but Dave sure got caught this time. Recently a colored man approached Disbennett and said his nephew had just died at Orange City and the man wanted to buy a coffin and take it back with him on the afternoon train. He was shown the line of coffins in stock, selected one priced at $50 and gave orders to have it trimmed and ready for him that afternoon. Then the colored man left. Disbennt got busy and had the casket all ready by the time promised, but the colored man did not come for it. Train leaving time came, and still no colored man. Late in the afternoon the undertaker started out to investigate. Out in colored town he found the same colored man had circulated all around the colored section of the city with a hard luck story about his nephew being dead, a coffin was to cost $50 (they could ask Mr. Disbennett) he had no money with which to pay for casket, and his nephew could not be buried until he could get the money. Loans and contributions were solicited and one colored man says he saw the solicitor count $46 obtained in this way. Another colored man declares he saw the solicitor catch a northbound freight train about the middle of the afternoon—and Disbennett still has the trimmed casket, the dead nephew story has been exploded and the numerous victims are still gasping for breath at the audacity of the grafter.

CONNOR PRESENTS PLAN FOR GOOD GOLF COURSE

Believing that the establishing of a golf course and organizing of a country club will be one of the biggest boosts that can be given New Smyrna at this time, Wayne Connor has submitted a plan for the organization of a holding company to which he will lease 50 acres of land in what was formerly the Osceola grove on the Dixie Highway just north of the city limits, and charge no rental, with an option to purchase the land at the end of 20 years; also with an option to lease 50 acres adjoining if it is found the first 50 acres is not sufficient for the purposes

Mr. Connor has given the matter much thought and study and believes the 50 acres he is offering for the purpose would make an ideal location for a golf course He is also offering to deed sufficient ground on the river front for a club house, which could also be used by the members as a fishing club, as well as a golf club.

Mr. Connor's proposition as presented is summed up as follows:

1. Lease for 20 years, with option to buy at termination of same, of 50 acres on Dixie Highway, no rental Option for similar lease on 50 adjoining acres, option to be valid for two years.

2. Deed of sufficient land for clubhouse, on river overlooking inlet.

3 Donation of cottage now on property and suitable for clubhouse.

4. Agreement to construct 9 hole course, tees, grass greens, fairways, bunkers, etc., at cost of 010,000.

5. Three recognized golf experts to decide suitability of course when finished, one chosen by lessees, one by leasor and one mutually. If course in their opinion not satisfactorily constructed, lessor to make it so, or deed land outright to lessees.

6 If course is unused or not keep up for period of 18 months during lease, same to be void and all rights revert to leasor.

7. Lease to be drawn and placed in escrow in bank and turned over to lessees upon final payment of $10,000.

8. If full $10,000 be not raised, money invested to be returned to investors within five years, or land at the rate of $300 per acre to be deeded to them pro rata.

9. Work of construction to be started as soon as $2500 is deposited against lease, and this amount to be kept constantly ahead of construction needs, up to final payment of $10,000.

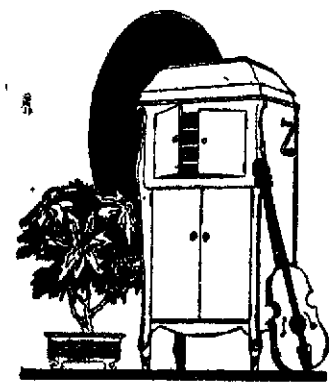

10. If course is not a success within five years, land to be deeded to leasees at $300 per acre pro rata. In such case, it to be understood that no house costing less than $3,000 shall be built thereon, and no persons other than those of the Caucasian race shall dwell therein.

Social Committee Chairman—Mrs Cora Wilson.
Membership Committee Chairman—Mrs. A. I. Pooser.

DITSON HOME BURNS ORIGIN IS UNKNOWN

The house belonging to Mrs. J. P Ditson at Glencoe was burned to the ground during the night Tuesday, the building being entirely destroyed. The origin of the fire is unknown. The house was unoccupied at the time, the tenant moving out of the place about two weeks ago. There was no furniture in the building but a quantity of seed corn and fertilizer had been stored in it temporarily.

LOCAL SCHOOL WINS COUNTY ATHLETIC MEET

(Continued from Page One.)

breath, for he had passed the DeLand runner and in the last 100 feet had come within six inches of the leader, Edwin Mabbett of Daytona. Covering the last 50 feet brought a moment of suspense to the big crowd and as the two runners crossed the line there was scarcely a shoulder's difference. The last runner, who had drawn no attention at first, but who had come to the front and beaten out DeLand and Daytona for first place was Bob Wilkinson of New Smyrna.

Another of the interesting events of the meet was the relay, in which Disbennett, Swoope, Robertson and Curry represented New Smyrna As in the mile run the start was not so good, because one of the runners tripped Disbennett, but gradually each man gained a few feet and in the last lap, when the object was given to the fourth runner, Ralph Curry, who was fully 15 fee behind, a sprint that took the thousand spectators from their seats took place and Ralph came in shoulder to thoulder with the leader, Stanley Stith of DeLand The judges finally decided that the DeLand runner had about a fourth the thickness of the shoulder on the New Smyrna runner

Those who will receive medals for their successes in the meet are Boris of Daytona, gold medal. Hamilton of New Smyrna, silver medal, Lutz of New Smyrna and Phillippi of Daytona, bronze medals.

The Judges

The judges for the various events were as follows: Class 1—Forshing and Chatham; class 2—Goulding and Jameson; class 3—Eastham and Lovell, class 4—Ezell and Chatham; class 5—Longstreet and Rasco; girls—Miss Scott and Miss Purdy; high school boys—Glossér and Codrington; starter—L R. Reynolds; announcer—Lewis.

The meet was the biggest thing of its kind ever held in Volusia county and it is hoped it is only the start of increased athletic and scholastic competition among the schools of the county. The New Smyrna school feels justly proud of the showing made in this meet and will endeavor to uphold the reputation gained in this first county meet.

PUBLIC SCHOOL NOTES

With the exception of the eighth grade, the pupils of the grammar department were pretty busy this week with their finals

seven scores. Both teams showed real baseball talent and if the boys keep on improving the future New Smyrna high school will have some classy baseball players.

Most of the high school pupils attended the county athletic meet in DeLand last Friday and it is needless to say they were satisfied with the showing made by the New Smyrna school.

The last program to be rendered by the literary society this year will be given in the auditorium this afternoon, the program to be as previously published, and an invitation is extended to outsiders to attend this final meeting.

Fifth Graders Beat Sixth Graders

In a well played, spirited game of sandlot baseball played Monday afternoon after school the fifth grade team made their upper classmen look like small time stuff by sending 17 men across the platter while the sixth graders were able to get in but

A meeting of the boys of the baseball club was called Monday after school to consider the resignation of Irwin Disbennett as manager of the team and choose a successor. Dwight Hamilton was selected to manage the team for the remaining month of school, and it is hoped several games can be arranged with other school teams during that time.

Seniors to Be Entertained

Invitations were received this week by the members of the senior class to attend a strawride and party combined to be given tomorrow night at the home of Mrs. J. R Mathews. The members of the class are asked to meet at the house at 8 o'clock, when they will be taken in trucks for a moonlight ride and then return to the Mathews home for an evening of fun

One School Session

As the result of a vote taken among the pupils, it has been decided to have but one session each day during the last month of school. The session will begin at 8 o'clock in the morning, 15 minutes will be given for lunch at some convenient time, and the school will be dismissed at 1:30 o'clock. This will remove the necessity for remaining in the school building during the hottest part of the day.

Yesterday the senior girls of the domestic science class entertained the members of the board of trustees and their wives and Principal Goulding and his wife at luncheon in the domestic science rooms, with a very appetizing menu, which was as follows: Fruit cocktail, fried ham and creamed potatoes, green peas, Parker House rolls, fruit salad, cheese straws, pineapple sherbet, golden glow ice cream and coffee The guests were much pleased with the entertainment and much impressed with the work of the domestic science department.

Junior Play Tonight

What will undoubtedly be one of the best plays of the school year will be presented tonight in the auditorium by the juniors with the help of a few underclassmen, the title of the play being "Engaged by Wednesday." The juniors have been putting in some faithful work in rehearsals and the presentation will be a very interesting one. The cast is as follows: Martin Henry, hired man, Dale White; the cook, Marie Moody; gypsies, Brandt Waston and Horace Ross; college boys, Clyde Curry, Howard Mathews and Dwight Hamilton; college girls, Margery Whiteside, Louise Langford, Zelia Bouchelle, Eva Greer; old maid aunt, Ruth Chambers; mother of Clyde Curry, Sadie Fisher.

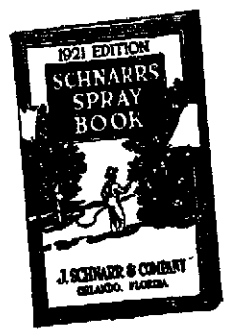

Reynolds Presents Cup

One of the particularly enjoyable features of the chapel exercises Monday morning was the presentation of the loving cup won by this school at the county athletic meet held in DeLand last Friday. At the beginning of the chapel exercises and before Mr. Reynolds had arrived with the cup, Irwin Disbennett, Dorothy Louise Fuller and Miss Ferguson had told the pupils all about the trip and the meet and how the school had carried off the honors Just as these talks were finished Mr. Reynolds was seen at the door with the trophy in his hand. Principal Goulding called him to the stage and he awarded the cup to "the rightful winners," as he expressed it, and without doubt the most sincere applause ever given by New Smyrna high greeted this announcement, the applause coming from these "rightful winners."

Good Boxing Matches

Some good matches were provided in the boxing program staged under the auspices of the Hi-Y club Tuesday night. The first match was between Disbennett and Curry, which was chaged from a wrestling match to a boxing bout. Both got in some good clouts, but neither went down. The three round bout between Louis Howell and Brandt Watson was as pretty a bout as was ever staged anywhere. Both were calm and serene, and used science rather than strength and energy, which is the mistake made by so many amateur boxers. The bout between Louis Bouchelle and Fred Holley was, perhaps, the fastest one of the evening and was featured by the speed put into it by both of the boxers. The last match was between Allen Smith and Charlie Swoope and was characterized by both speed and power. This was the first boxing program ever staged at the school. The fellows are much taken up with the sport and it is probable another program will be given soon, to which visitors will be invited.

NOTICE OF INTENTION TO APPLY FOR LETTERS PATENT

Notice is hereby given that the undersigned will apply to Cary A. Hardee, governor of the State of Florida, on June 6th, A. D. 1921, for Letters Patent in conformity with the following proposed charter, the original of which is now on file in the office of the Secretary of the State of Florida, as provided by law.

T. L. LONG
R. G. KENNEDY
MRS. LILLIAN LONG

We, the undersigned, hereby associate ourselves together for the purpose of becoming incorporated and being a corporation under and by virtue of the laws of Florida, with and under the following proposed charter:

Article I.

The name of this corporation shall be THE CASH SUPPLY COMPANY. The principal place of business of said corporation shall be in Osteen, Volusia County, Florida, and it shall conduct business elsewhere in the State of Florida and such other places in the United States of America as shall be deemed necessary and expedient.

Article II.

The general nature of the business to be conducted and carried on by the said corporation shall be as follows: General mercantile business, buying and selling general merchandise, at retail and wholesale, such as feeds, groceries, hardware, clothing, farm implements, farm machinery, farm products and all allied articles of merchandise. The said corporation shall also have the right to buy and sell live-stock, mules, horses, cattle, hogs, poultry, etc. It shall also have the right to trade in, buy and sell real estate, and to handle, trade in, buy and sell building materials of all kinds. The said corporation shall also have the power of advancing money on personal property or real estate, loaning and borrowing money, issuing and executing bonds and mortgaging on any of its property that it may deem proper, selling any and all kinds of merchandise on commission or otherwise and all other things necessary to conduct a general merchandise business, and generally to have and exercise and enjoy all rights, powers and privileges incident to corporations organized and existing under the laws of the State of Florida.

Article III.

The total authorized capital stock of the corporation is Six Thousand Dollars ($6,000.00) divided into sixty (60) shares of par value of One Hundred Dollars ($100.00) each.

All or any part of the capital stock of this corporation, including the stock subscribed for by the subscribing incorporators, may be payable in or issued for property or used for the purchase of property, labor, or services. A just valuation thereof to be fixed by the incorporators or by the directors at a meeting called for such purpose.

Article IV.

The term for this corporation to exist shall be ninety-nine (99) years from and after the commencement of its corporate existence.

Article V.

The business of the corporation shall be conducted and managed by the President, Secretary and Treasurer and such other officers and agents as the corporation may from time to time authorize. Any two offices may be held by one and the same person. Until the officers of this corporation are elected at the first meeting, the business of the corporation shall be conducted by the following officers: T. L. Long, President, and R. G. Kennedy, Secretary and Treasurer, and the Board of Directors shall consist of T. L. Long, R. G. Kennedy and Mrs. Lillian Long. The directors and officers shall be elected on the second Tuesday in the month of June, beginning with the year 1921. The incorporators and stockholders of the corporation shall meet at eleven o'clock A. M. on the 14th day of June, A. D. 1921, at the office and place of business of the corporation in the Town of Osteen, Volusia County, State of Florida, to adopt the by-laws and complete the organization of the corporation and to transact any and all such business as may come before the stockholders' meeting and this shall be the first annual meeting. The time of holding the annual meeting may be changed and fixed by the by-laws from time to time.

Article VI.

The highest amount of indebtedness or liability that this corporation at any time may subject itself will be One Hundred Thousand Dollars ($100,000.00).

Article VII.

The names and residences of the subscribing incorporators, together with the number of shares of its capital stock subscribed to by each is as follows:

T. L. Long, Jacksonville, Duval County, Florida, fifteen (15) shares.

R. G. Kennedy, Osteen, Volusia County, Florida, thirty (30) shares

Mrs. Lillian Long, Osteen, Volusia County, Florida, fifteen (15) shares.

T. L. LONG
R. G. KENNEDY
MRS. LILLIAN LONG

STATE OF FLORIDA }
} ss
COUNTY OF VOLUSIA }

I hereby certify that on this day before me, a Notary Public in and for the State of Florida at Large, personally appeared T. L. Long, R. G. Kennedy and Mrs. Lillian Long, each and all to me well known and known to be the persons described in and who executed the foregoing proposed charter of THE CASH SUPPLY COMPANY, and severally acknowledged to and before me that they subscribed and executed the same for the uses and purposes therein expressed.

WITNESS my hand and official seal this the 2nd day of Map, A. D. 1921.

ELBERT B. CARTER,
Notary Public, State of Florida at Large.

My Commission expires Dec. 26, 1923.

NOTICE OF SPECIAL TAX SCHOOL DISTRICT ELECTION

The Board of Public Instruction of Volusia County, Florida, hereby calls and orders an election to be held in the following described subdivision of Volusia County, Florida, on Tuesday, the fourteenth (14th) day of June, A D 1921, for the following purposes, towit:—

To determine whether the present boundary lines of Special Tax School District No. 8, known as New Smyrna, in Volusia County, Florida, shall be extended and whether the subdivision of Volusia County, Florida, hereinafter described, embracing the present Special Tax School district No. 8, and additional territory, shall be created into a Special Tax School District to be known as Special Tax School District No. 8 and which district shall succeed to all the resources and assume the liabilities of the present Special Tax School district No 8.

The subdivision hereinbefore referred to lying and being in Volusia County, Florida, is described as follows, to-wit:—

Beginning at a point in the center of the channel of the Halifax River at a point where the south line of Sec. 19, T. 16 S., R. 34 E., if extended westward would intersect the channel of said river; thence westerly to a point in the center of the mouth of Spruce Creek on the west side of the New Smyrna-Daytona County road; thence southerly along the west side of said road to a point in the east side of Turnbull Bay; thence southerly along the east side of Turnbull Bay to a point in the south line of the Lindsley Todd Grant, Sec. 40, T. 17 S., R. 33 E.; thence northeasterly along the south line of said grant to it's point of intersection with the south line of Sec. 1, T. 17 S., R. 33 E.; thence easterly along the south line of said section to the center line of the west half of Sec. 12, of said Township and Range; thence south along the center line of the west half of Sec. 12 and 13, T. 17 S., R. 33 E., to the north line of the Thomas Napier grant, Sec. 43, T. 17 S., R. 33 E.; thence northeasterly along the north line of said grant to the northeast corner thereof; thence southeasterly along the east line of said grant to the north line of the Ambrose Hull grant, Sec. 44 ,T. 17 S., R. 33 E.; thence westerly along said line to the northwest corner of said grant; thence southerly along the west line of said grant to the north line of T. 18 S., R. 34 E.; thence west along said Township line to the northwest corner of said Township and Range; thence south along the Range line between Ranges 33 and 34 of T. 18 S., to the southwest corner of Sec. 6, T. 18 S., R. 34 E.; thence east along the south line of said Sec. 6, and the south line of Sec 5 to the westerly line of the Samuel Betts Grant, Sec. 38, T. 18 S., R. 34 E.; thence southerly along the west line of said grant to the southwest corner thereof; thence easterly along the south line of said grant to the southeast corner thereof; thence southerly along the east line of the John Bolton grant, Sec. 39, T. 18 S., R. 34 E., to it's point of intersection with the south line of Sec. 3, of said Township and Range; thence east along said section line and the extension thereof to the beach of the Atlantic Ocean to a point where said beach is intersected by the south line of Sec. 5, T. 18 S., R. 35 E.; thence following said Atlantic Ocean beach southwesterly to the channel of Mosquito Inlet; thence westerly following said channel to the center of the channel of the Halifax River; thence northerly along the channel of said river to the point of beginning.

The New Smyrna School House is hereby designated as the place at which said election shall be held, and the following persons are hereby appointed by the Board of Public Instruction, as Inspectors and Clerk of said election. R. B. F. Roper, D. J. Bell and N. S. Colee, Inspectors, and C. Ebenbeck, Clerk.

By order of the Board of Public Instruction of Volusia County, Florida, on this the 5th day of May, A. D. 1921.

V. W. GOULD,
Chairman.

Yes Silvertown Cord are included in the 20% Goodrich Tire Price Reduction

Among tires SILVERTOWN is the name that instantly conveys the thought of the highest known quality. Their genuine value has given them first place in the esteem of motorists.

Motor car manufacturers and dealers are quick to emphasize to their prospects that their cars are equipped with Silvertowns—knowing that neither explanation nor argument is necessary.

This makes all the more important the fact that Silvertown Cords are included in our readjustment of tire prices which took effect May 2nd.

THE B. F. GOODRICH RUBBER COMPANY
Akron, Ohio

Your Goodrich dealer is prepared to supply you with Goodrich Silvertown Cords, Goodrich Fabrics and Goodrich Red and Gray Tubes at the 20% price reduction.

NEWSPAPERARCHIVE®

...RGOT THE YEARS

...'s Big Men Have Laughed HA...at Father Time.

Ente... Records Many Who Defied June ...alendar—Too Busy to Take 3, ... Note of Crow's Feet.

...es Canile flatly challenges misconception in his state- Old age is just a pose. A One ...ally grows old because be Six ... is dignified. He sits back In C... the years do what they like ...him." It is not so with the sep...narian, who rises at 4 30 and ...s Highland flings. He shares ...spirit of Tennyson's "Ulysses," ...could not bear to sit idle amid ...island crags, or of Barrie's 'Peter ...' who refused to grow up, or of ... who, according to another poet, ... the immortal child tarrying all ...his lifetime in his heart.

We do not have to look long for monumental examples of great men who, like Oliver Wendell Holmes in his poem, "The Boys," and in his personal example, defied the calendar To one such perennially young gentleman, namely, Dr W W Keen, the community that affectionately reveres him is even now preparing to do honor The will to keep youthful in the spirit seems to be the biggest part of insenescence. We have lately had occasion to consult the record of a gentleman named Hepburn, who graduated from Princeton in 1832, and did not pass away until 1911, 79 years later, when he had attained the ripe age of ninety-six. Unlike many of the Old Testament patriarchs, of whom nothing is recorded but their exceeding longevity, Doctor Hepburn was usefully and fruitfully busy through several generations The empire of Japan, a country that never forgets anything or anybody, will forever hold his name in honor among the benefactors Not merely did he train some of the foremost of her diplomats, but he compiled the famous dictionary that resolved the barriers betwixt the tortuous tongue of Nippon and our own

The thought of growing old is chiefly oppressive to those who never grow anything else Most of those who produce, create, achieve, are too busy to study crow's feet in the mirror or calculate percentages of lime in the bones or acid in the blood They are not forever in a lonely observatory on the outlook for new symptoms They are up and doing, with a whetted appetite for fresh adventure There is "Labrador" Cabot of Boston, who is forever starting out on a one-man expedition among the Indians of the barrens not very far from the desolate spot where the balloon came down with Lieutenant Hinton and his comrades It is useless to tell him that he is too old You might as well try to persuade "Ooom John" Burroughs to quit exploring swamps and forests and playing with squirrels Nature, they tell us has no favorites but she has a way of granting to the naturalists a special grace in growing "old' The life of Fabre, which began in 1829 and did not end until 1915, might be cited, or that of Chevreul, 1786-1889 Many artists, moreover are like St. Gaudens, and "do not count the mortal years it takes to mold memorial forms." "If I live to be 100," said the modest Hokudai, "perhaps I shall be able to draw a line" Such a man knows what it means to live for many years and to remain forever young because forever acquisitive, inquisitive, aspiring.—Philadelphia Ledger.

Paris Not French Capital.

Paris is not the capital of France. This is not a paradox nor a joke, but an official fact. Parisians who are given to an alarmist disposition are disturbed in their minds, for from the fact that Paris has ceased to be the capital of the country since 1914, results that all official documents of the republic of France signed since the above date are theoretically illegal.

September 3, 1914, when the government left Paris before the menace of the German advance, the Official Journal announced that Bordeaux was henceforward and until further notice the legal capital of France, and official documents dated from Bordeaux Until December this procedure was followed One by one the ministries came back to Paris, and by December 11 all documents were once again dated from Paris

No one, however, in the stress of the times, thought to insert a notice in the Official Journal to the effect that Paris once again had become the capital of France

"Ravages" of Education.

An insurance man, speaking to a congress of general agents and managers in St Louis, reminded his hearers that of the ten thousand men whose names appear in "Who's Who,' only 39 had no schooling, 1,008 had a grade school education, 1,545 a high school training and 5,990 are college graduates Will somebody page the Missouri solon who argued learnedly against the bill to raise the preparatory requirements of rural teachers in this state by shouting that Abraham Lincoln never had a high-school education?—St Louis Post Dispatch

Remote Reminiscence.

"The boys never sing 'Landlord, Fill the Flowing Bowl,' any more"

"No,' replied Uncle Bill Bottletop "The nearest we ever get to a drinking song now is 'Comin' Through the Rye.'"

Women Rat Catchers.

The latest sphere of women's activities is rat catching'

Two women at Red Shanks, Farcet, caught 28 rats in one morning Wearing suitable clothing and accompanied by two dogs, the woman ratcatchers attend at farms where threshing is in progress It is said that the women enjoy their job and that the farmers are enthusiastic in their praise—London Times

Living.

"The cost of living is coming down"

"So I've heard," said Farmer Cornstossel, "but cheaper food won t solve the expense problem for folks who don't believe they are living unless they attend all the parties and see all the motion pictures."

WHY SEEK MOSS?

Writer Takes Issue With Old, Well-Worn Proverb.

Keep Rolling Until a Good Place to Stop Is Found, Is Advice He Hands Out.

"The rolling stone," we are impressively told, "gathers no moss." But who suggests that moss is a desirable article to accumulate? Uncle Dudley writes in the Boston Globe.

One of the penalties of being young is having it dinged into our ears: "You ought to settle down"

When ought I to settle down? At eighteen? At twenty five? At thirty-five? If "settling down" is taken to mean what it means on most lips one ought never to settle down at all For on most lips "settling down" means nothing more nor less than stale stagnation

Every intelligent reader knows that many, if not most, of his luckiest finds have come while browsing along the book shelves. To be sure, one needs to know how to use a library, how to choose a topic and use catalogues and indexes to dig up the material But there is something to be got by personal contact with the book shelves which no catalogue can give You wander along, plucking down now this volume, now that. That one is mildly entertaining, this one is dull, another might be valuable, when Hello' Here it is! Every page emblazoned as with letters of gold, and the day on which you discovered it was one of the high days

There are a few fortunate people whose natural bents are so pronounced that they know at quite an early age exactly what they wish to do as a life work But such people are relatively few

Do they tell you that it is important to get your life work started early? It is far more important to find the life work which you were meant to do, whether you find it early or late One ought never to be so settled down that he cannot take up a new kind of work if he is convinced that it is more valuable to himself or to the community than the kind he is in; convinced, in short, that it provides a better outlet for his powers.

The spectacle of a man or woman tied for life to the wrong mate is not half so pitiable as the spectacle of a man or woman tied for life to the wrong job

The father who says to the son in his 'teens or early '20s, "It is high time you made up your mind what you are going to do," is as ridiculous as a physician telling a baby it is high time he went out for the football team In one's teens or twenties it is, to be sure, high time one is busy and active about some sort of productive labor, but to suggest that the job at this age should be one's permanent choice is ruinous folly It may prove to be the very thing, but if it should not, one will want an emergency exit

Does it ever occur to us that the hope of the world lies mainly in just these untamed spirits who refuse to settle down?

WENT UP IN RECORD TIME

Comfortable House That Was Begun and Practically Completed in a Single Day.

A farmer in one of the Middle Western states bought material for a house and then discovered that for lack of means he could not go on with it. The stuff lay on the ground for months, when one day a generous thought came into the mind of a contracting builder. He called his men around him and asked for volunteers to build the farmer's cottage, telling them he would undertake to do it within one day if they would contribute their work. Twenty-six carpenters, masons and painters agreed, on the condition that the farmer would furnish a chicken dinner, and a time was fixed for all to report at the site of the proposed building

Every man appeared on time and all went at once to work Each worker was assigned to a particular part, and the house began to go up with a rush. When noon came the framework was all up and the chimney was started.

Then came dinner The wife of the farmer had fried two dozen chickens There were ten loaves of bread, four dozen ears of corn and nearly a bushel of mashed potatoes The dessert consisted of cherry cobbler and various kinds of pie The contractor had to call off his men for fear they would eat so much they would not be able to finish the job

The hurry began again. Before the roof was on the plasterers were at work, and at exactly six o'clock the cottage was finished, all but the second coat of paint and the skim plaster neither of which could be put on before the first coat dried Everything else, even to putting on the locks and hinges was done before the men were called off, and done well

The contractor complimented his men when the job was complete He said that although he had done "hurry' work before, he had never known a house to be begun and completed in a day

Unidentified Sea Monster.

A sea monster believed to have come up from the depths of the Gulf stream to die and drifted into the shallow water north of the Key, where it was discovered by E. E Garretson is a subject for much inquiry by scientists A fragment of the skull, weighing three tons and measuring 16 feet in length and 7 feet across, was taken to Miami in tow of the yacht Corsair Thousands of curious persons visited the dock, but none could name the creature and Mr Garretson was uncertain as to the species to which it belongs He is inclined to the opinion, however, it is a giant squid, for the only bone he could salve was the skull Mr Garretson declared that when he first saw the monster it was surrounded by sharks which were devouring the flesh He did not know how long it was as he saw only 80 or 90 feet of it, with the head protruding 6 or 8 feet above the water Mr Garretson, with the aid of the yacht, pulled the head from the body and in doing so broke the skull He is confident there is another piece of the skull there as large, or larger, than the fragment he took to Miami

Perfume at $90 Per Ounce.

The harvest of Bavarian roses for last year being one of the worst on record the price of the essence has gone up very considerably The wholesale price just now is round about $20 an ounce Before the war it was $7 Contrary to popular belief however, attar of roses is by no means the most expensive scent on the market Civet is worth wholesale just now $25 an ounce and musk $90, ambergris which forms the basis for nearly all the best quality scents costs $60 an ounce and is hard to get at that These prices refer in the case of perfumes to the essential oils one or two drops of which will make quite a decent sized bottle of scent Only dealers in precious stones carry more valuable stock in a small space than the dealers in these highly concentrated essential oils A quite moderate-sized safe in the office of a firm of wholesale perfumers will frequently contain stock worth $125,000

Hawaiian Volcano Active.

The great volcano Kilauea 32 miles from Hilo Hawaii, which for two years has been exhibiting tremendous volcanic force recently overflowed the rim of its active throat and burst forth in fresh activity and brilliance After weeks of steady rising of the lava in the pit of Halemaumau, the "House of Fire,' the molten column reached the rim and poured over it toward the southeast side of the great crater while simultaneously another lava stream burst through the crater floor some distance from the first Hundreds of fire fountains began playing on the numerous lava lakes and sheets of flame gushed intermittently from beneath the crust surface Along the main line of the old rift which the new flow is following several lava cones of small craters have formed and these add to the spectacle with her thundering blasts of steam and fire

A Realist.

'Did you ever see that good old play 'Ten Nights in a Barroom?"

No answered Cactus Joe "I didn't like the title It wasn't true to human nature I never knew a man with money enough to last ten nights and I never heard of a bartender who would let him hang around after he was broke'

WHY SUFFER SO?

Why suffer from a bad back, from sharp shooting twinges, headaches, dizziness and distressing urinary ills? People around here recommend Doan's Kidney Pills Could you ask for stronger proof of merit?

W A Morris, deputy sheriff, 12 Florida Ave, DeLand, Fla, says Kidney trouble clung to me for a long time Often I would be bothered with severe backaches and in fact got so bad at one time I was laid up for sixteen days I could hardly stoop or straighten and my kidneys acted too frequently especially at night, and broke my rest I began using Doan's Kidney Pills and was soon benefited Since then I have frequently used Doan's and they have never failed to bring the same good results I can certainly say that Doan's Kidney Pills are the best remedy I have ever taken for my kidneys and I gladly give this endorsement (Statement given May 20 1914)

On March 21, 1918, Mr Morris said I am glad of this opportunity to again endorse Doan's Kidney Pills for they have always given me quick relief from any attack that I have had"

You'll enjoy the sport of rolling 'em with P. A.!

FIRST thing you do next—go get some makin's papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe — forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

Prince Albert is sold in toppy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidor with sponge moistener top

CORONADO NEWS

S H. Barber remains quite ill at his home here.

Mrs. Vans Agnew and children of Kissimmee are spending a short time in Coronado, stopping in one of the John Adams apartments.

Mr. and Mrs. C. A. Price and family of New Smyrna have taken an apartment in the Cooper house for the summer months and moved over Tuesday.

Mrs Hannah Sleighel, who has been spending the winter in the Goodwin cottage on the river shore, left Wednesday for her home in Reading, Pa.

W. L. Cooper and Wm. Schreck returned Sunday from Miami, where they attended federal court in session there last week.

Repair work has been started on the bridge and before it is finished a great deal of repairing will be done. It is understood it will not be necessary to close the bridge for any length of time.

Mr. and Mrs. T. E. Griost and sister, Mrs. Almeda Thompson, and daughter, Miss Mary Griest, left on Wednesday morning for their home in Fleming, Pa. The Griest family are permanent winter residents of Coronado and their return early next fall is looked forward to by a host of friends.

A number of friends and neighbors enjoyed a picnic supper at the pavilion last Friday evening. An elegant meal was served at 6 o'clock, after which a social hour was enjoyed. Those present were Mr. and Mrs. Brockway of Hawks Park, Mr. and Mrs. Will Silsby, Mr. and Mrs. Tutor, and Mesdames John Silsby and Paul Wooden.

The W. C. T. U. has purchased a new blackboard and it has been set opposite the postoffice for use when notices are to be given of meetings. The regular semi-monthly meeting of the W. C. T. U. will be held this afternoon from 3:30 to 4:30 o'clock at the home of Mrs. J. A. Reed. A full attendance of members is urged.

The largest picnic party of the season came from Mims Wednesday and enjoyed an all-day picnic outing on the beach and at Brann's pavilion. It was the Mims union Sunday school and they came in about 25 automobiles decorated in the school colors and American flags, with more than 150 pupils and teachers in attendance. Various forms of entertainment were provided and enjoyed, chief among them being the surf bathing.

*Screen doors, screen window frames and screen porches, machine made, quick service. H. Conrad, Phone 115.

DISSOLUTION NOTICE

Notice is hereby given that the partnership formerly existing between J. R. Sams and L. W. Fisher in the Dixie Garage has been dissolved by mutual consent, Mr. Fisher having retired from the business. Mr. Sams will continue the business of the Dixie Garage, collecting all accounts and paying all bills.

J. R. SAMS

NOTICE OF APPOINTMENT

Notice is hereby given that the undersigned has been appointed Executor of the estate of W. L. Widemeyer, deceased, and all heirs at law, legatees, devisees, creditors and all persons having claims or demands against said estate will present them to the undersigned, duly authenticated, within the time prescribed by law, or the same will forever be barred.

This 18th day of May; A. D. 1921.

MRS. MAY WIDEMEYER.

(my20-jly15) New Smyrna, Florida

NAME IS CHANGED TO HIBBARD HARDWARE CO.

By authority of a change in s charter, the name of the Pitzer Furniture and Hardware Company has been changed to the Hibbard Hardware Company and the business will be conducted in future under the new name, with no change in the officers or stockholders. The business has been conducted under the Pitzer name since it was established by Geo. Pitzer many years ago, the stock company being formed to take over the business after the death of Mr. Pitzer a number of years ago. Mr. Hibbard has been secretary, treasurer and general manager of the company since it was formed.

CROSS-STATE CANAL SURVEYS ARE MADE

Preliminary surveys, of what will eventually be a deep water cross-state canal, extending from Mosquito Inlet on the East Coast to Port Inglis on the West Coast, cutting a straight canal through the center of Florida and thereby cutting off more than 1,000 miles of the route by steamer from New York to New Orleans, have been made this week at this end of the proposed route, while surveys are being continued west on the proposed route.

Henry H. Read of New York, author of "Read's Waterway of America," and noted propagandist for the steamship trust is now making a preliminary survey for a report to his employers on the feasibility of such a plan which has been broached for many years, but which, will now become a reality, according to reports which Mr Read has made to the steamship trust

The plans on which Mr. Read and his employers are working call for the making of Mosquito Inlet the port of entry for ships from New York, the dredging of Spruce Creek, the canal to follow the waterways to that point, where large dockages will be constructed, a canal 35 feet deep built, of 300 feet wide. The canal will then take a course west from Spruce Creek through Sanford and Lake county, to Port Inglis, just south of Cedar Keys.

While the project of building a 35 foot canal, 300 feet wide, is an immense one, Mr. Read is of the opinion that it could be completed in three years time, and believes that work will be commenced as soon as he finishes the survey which he is making westward at this time.

The building of large dockage facilities at Spruce Creek, where the Dixie Highway crosses the creek, and the dredging of the creek and Mosquito Inlet up to the dockages, will be one of the largest undertakings of the entire project.

The new plan of cutting the canal across state from Mosquito Inlet to Port Inglis, instead of following the former plan which has been talked for many years of following the St. Johns across the eastern portion of the state has been substituted as it will allow a route shorter, by 150 miles it is claimed.

The survey being made at this time is backed by the large steamship lines or the trust as it is called, comprised of lines operating boats from New York to New Orleans and Mexico. By the cross-state canal at this point more than a thousand miles will be elimated from the trip, making a saving in time and expenses which it is claimed would soon pay for the building of the canal.

The project is the largest ever broached in the state, and will mean an industrial boom for this part of the state such as has never been seen, according to those back of the present plan, furnishing as it will a direct line for shipment of materials, and bringing the East Coast, industrially, within a few days of New York.—Daytona Daily News.

BREVARD WOULD LIKE PART OF THIS COUNTY

A strong effort has been made during the last week by several influential citizens of Titusville to get Volusia county to cede to Brevard county the lower end of the strip of land along the St. Johns river in the extreme south end of Volusia county It is said the tract desired by the Brevard county citizens contains approximately 14,000 acres at the south end of this strip, below Lake Harney

The matter was taken up by the Brevard county commissioners with the Volusia county commissioners, who referred the matter to Commissioner Beck, who represents this district on the county board. Commissioner Beck, in order to get the sentiment of the people of this section on the question, has asked the New Smyrna-Coronado Board of Trade to vote on the matter and a postal card ballot is now being taken among the members of the board of trade.

The Titusville men attended the meeting of the board of trade last week, explaining to the members that the reason for their asking for this strip of land is because they want to construct a hard surfaced road from Titusville to meet a road from Orlando and the state law will not permit them to spend Brevard county money to construct this road across the strip in Volusia county. If it is ceded to Brevard they can build the road The Brevard county men state plainly they are not willing to exchange an equal number of acres in the east part of Brevard county, and in fact will give nothing in return. They will be very willing to take the land as a gift from Volusia county.

If Brevard county was disposed to make a fair exchange the proposition might be considered favorably, but there is a strong sentiment here against permitting the county board to cede this land to Brevard county. It is said if this land is given to Brevard county it will take away about $6,000 in taxes from this district, practically 51% of which will have to be made up by the city of New Smyrna.

Every member of the board of trade should vote against the proposition

CAR GOES OFF BRIDGE DRIVER BADLY HURT

W. C. Syple, local salesman for Armour & Co., was badly hurt late Monday afternoon, while driving between New Smyrna and Oak Hill, when the radius rod cap of his Ford came loose and he crashed through the side of a bridge, and down into a six-foot ditch. It is said that just as he was approaching the small bridge a short distance this side of Oak Hill the cap on the radius rod worked loose and he lost control of the car, and not being able to stop in time, broke through the side of the bridge and went into 18 inches of water. His arms and legs were badly scratched, but he is now up and able to get around.

Church Notes

Trinity M. E. Church—
Rev. W. S. Gray, Pastor.
Sunday school at 10 a. m.

The Mystery of the Cook's Pet Parrot

A FUNNY paper recently.
SLIPPED ME a good laugh.
WITH A wheeze about.
A FAMOUS ventriloquist.
AND WHY he had quit.
THE VAUDEVILLE stage.
IT SAID he discovered.
HE COULD make more jack.
SELLING WOODEN parrots.
SO WHEN I got home.
I PASSED the joke.
TO OUR cook, who owns.
BOTH A speechless parrot.
AND A sense of humor.
BUT SHE muffed it.
BECAUSE SHE didn't know.
WHAT A ventriloquist was.
SO I had to explain it.
AND ON the way out.
I BLEW just a whiff.
OF CIGARETTE smoke.
AT HER amusing old.
FOOL OF a parrot.
WHICH NEVER talks.
AND I said, "Poll.
HOW D'YOU like it?"
AND TO this day.
IT'S GOT me guessing.
WHETHER IT was cook.
OR THE blamed bird.
WHICH SQUAWKED back.
"THEY SATISFY."

Air-Tight Tins of 50

Ask your dealer to show you the new vacuum-sealed tins of 50 Chesterfields. A compact, convenient and absolutely AIR-TIGHT packing—the cigarettes keep fresh indefinitely.

CHESTERFIELDS speak themselves. They let you kn you're smoking. They "satisfy" yet, they're *mild*. An impossible c bination, you say? Sure—everywh but in Chesterfields. The blend d it and the blend *can't be copied!*

NEW SMYRNA NEWS
Issued every Friday morning by the
NEW SMYRNA NEWS COMPANY
(Incorporated)

HARRY L. ROOD, Editor-Manager

Entered as second class matter June 6, 1913, at the postoffice at New Smyrna, Florida, under act of March 3, 1879.

SUBSCRIPTION RATES:
(Payable invariably in advance)

One year	$2.00
Six months	1.00
In Canada, per year	2.50
In foreign countries, per year	3.00

Resolutions of respect, poetry, obituaries, church festival advertisements and similar notices of charitable, benevolent or church societies, advertising even from which money is to be received, are charged for at half rate, or five cents per line for each insertion.

The world is full of grafters and there are many ways of obtaining "easy money," and so many of them have been worked in this city it seems like it is impossible to spring a new one here, but the latest thing in this line was pulled off here last week. The victims are still wondering why it has never been worked around here before Dave Disbennett's business as an undertaker does not furnish the most pleasant job to be found and it isn't often that an undertaker is made the victim of a skin game, but Dave sure got caught this time. Recently a colored man approached Disbennett and said his nephew had just died at Orange City and the man wanted to buy a coffin and take it back with him on the afternoon train. He was shown the line of coffins in stock, selected one priced at $50 and gave orders to have it trimmed and ready for him that afternoon. Then the colored man left. Disbennt got busy and had the casket all ready by the time promised, but the colored man did not come for it. Train leaving time came, and still no colored man. Late in the afternoon the undertaker started out to investigate. Out in colored town he found the same colored man had circulated all around the colored section of the city with a hard luck story about his nephew being dead, a coffin was to cost $50 (they could ask Mr. Disbennett) he had no money with which to pay for casket, and his nephew could not be buried until he could get the money. Loans and contributions were solicited and one colored man says he saw the solicitor count $46 obtained in this way. Another colored man declares he saw the solicitor catch a northbound freight train about the middle of the afternoon—and Disbennett still has the trimmed casket, the dead nephew story has been exploded and the numerous victims are still gasping for breath at the audacity of the grafter.

CONNOR PRESENTS PLAN FOR GOOD GOLF COURSE

Believing that the establishing of a golf course and organizing of a country club will be one of the biggest boosts that can be given New Smyrna at this time, Wayne Connor has submitted a plan for the organization of a holding company to which he will lease 50 acres of land in what was formerly the Osceola grove on the Dixie Highway just north of the city limits, and charge no rental, with an option to purchase the land at the end of 20 years; also with an option to lease 50 acres adjoining if it is found the first 50 acres is not sufficient for the purposes

Mr. Connor has given the matter much thought and study and believes the 50 acres he is offering for the purpose would make an ideal location for a golf course He is also offering to deed sufficient ground on the river front for a club house, which could also be used by the members as a fishing club, as well as a golf club.

Mr. Connor's proposition as presented is summed up as follows:

1. Lease for 20 years, with option to buy at termination of same, of 50 acres on Dixie Highway, no rental Option for similar lease on 50 adjoining acres, option to be valid for two years.

2. Deed of sufficient land for clubhouse, on river overlooking inlet.

3 Donation of cottage now on property and suitable for clubhouse.

4. Agreement to construct 9 hole course, tees, grass greens, fairways, bunkers, etc., at cost of 010,000.

5. Three recognized golf experts to decide suitability of course when finished, one chosen by lessees, one by leasor and one mutually. If course in their opinion not satisfactorily constructed, lessor to make it so, or deed land outright to lessees.

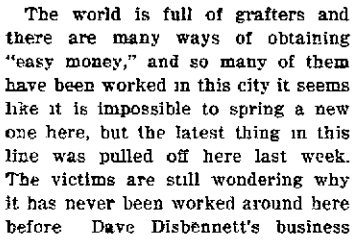

6 If course is unused or not keep up for period of 18 months during lease, same to be void and all rights revert to leasor.

7. Lease to be drawn and placed in escrow in bank and turned over to lessees upon final payment of $10,000.

8. If full $10,000 be not raised, money invested to be returned to investors within five years, or land at the rate of $300 per acre to be deeded to them pro rata.

9. Work of construction to be started as soon as $2500 is deposited against lease, and this amount to be kept constantly ahead of construction needs, up to final payment of $10,000.

10. If course is not a success within five years, land to be deeded to leasees at $300 per acre pro rata. In such case, it to be understood that no house costing less than $3,000 shall be built thereon, and no persons other than those of the Caucasian race shall dwell therein.

Social Committee Chairman—Mrs Cora Wilson.
Membership Committee Chairman—Mrs. A. I. Pooser.

DITSON HOME BURNS ORIGIN IS UNKNOWN

The house belonging to Mrs. J. P Ditson at Glencoe was burned to the ground during the night Tuesday, the building being entirely destroyed. The origin of the fire is unknown. The house was unoccupied at the time, the tenant moving out of the place about two weeks ago. There was no furniture in the building but a quantity of seed corn and fertilizer had been stored in it temporarily.

LOCAL SCHOOL WINS COUNTY ATHLETIC MEET

(Continued from Page One.)

breath, for he had passed the DeLand runner and in the last 100 feet had come within six inches of the leader, Edwin Mabbett of Daytona. Covering the last 50 feet brought a moment of suspense to the big crowd and as the two runners crossed the line there was scarcely a shoulder's difference. The last runner, who had drawn no attention at first, but who had come to the front and beaten out DeLand and Daytona for first place was Bob Wilkinson of New Smyrna.

Another of the interesting events of the meet was the relay, in which Disbennett, Swoope, Robertson and Curry represented New Smyrna As in the mile run the start was not so good, because one of the runners tripped Disbennett, but gradually each man gained a few feet and in the last lap, when the object was given to the fourth runner, Ralph Curry, who was fully 15 fee behind, a sprint that took the thousand spectators from their seats took place and Ralph came in shoulder to thoulder with the leader, Stanley Stith of DeLand The judges finally decided that the DeLand runner had about a fourth the thickness of the shoulder on the New Smyrna runner

Those who will receive medals for their successes in the meet are Boris of Daytona, gold medal. Hamilton of New Smyrna, silver medal, Lutz of New Smyrna and Phillippi of Daytona, bronze medals.

The Judges

The judges for the various events were as follows: Class 1—Forshing and Chatham; class 2—Goulding and Jameson; class 3—Eastham and Lovell, class 4—Ezell and Chatham; class 5—Longstreet and Rasco; girls—Miss Scott and Miss Purdy; high school boys—Glossér and Codrington; starter—L R. Reynolds; announcer—Lewis.

The meet was the biggest thing of its kind ever held in Volusia county and it is hoped it is only the start of increased athletic and scholastic competition among the schools of the county. The New Smyrna school feels justly proud of the showing made in this meet and will endeavor to uphold the reputation gained in this first county meet.

PUBLIC SCHOOL NOTES

With the exception of the eighth grade, the pupils of the grammar department were pretty busy this week with their finals

seven scores. Both teams showed real baseball talent and if the boys keep on improving the future New Smyrna high school will have some classy baseball players.

Most of the high school pupils attended the county athletic meet in DeLand last Friday and it is needless to say they were satisfied with the showing made by the New Smyrna school.

The last program to be rendered by the literary society this year will be given in the auditorium this afternoon, the program to be as previously published, and an invitation is extended to outsiders to attend this final meeting.

Fifth Graders Beat Sixth Graders

In a well played, spirited game of sandlot baseball played Monday afternoon after school the fifth grade team made their upper classmen look like small time stuff by sending 17 men across the platter while the sixth graders were able to get in but

A meeting of the boys of the baseball club was called Monday after school to consider the resignation of Irwin Disbennett as manager of the team and choose a successor. Dwight Hamilton was selected to manage the team for the remaining month of school, and it is hoped several games can be arranged with other school teams during that time.

Seniors to Be Entertained

Invitations were received this week by the members of the senior class to attend a strawride and party combined to be given tomorrow night at the home of Mrs. J. R Mathews. The members of the class are asked to meet at the house at 8 o'clock, when they will be taken in trucks for a moonlight ride and then return to the Mathews home for an evening of fun

One School Session

As the result of a vote taken among the pupils, it has been decided to have but one session each day during the last month of school. The session will begin at 8 o'clock in the morning, 15 minutes will be given for lunch at some convenient time, and the school will be dismissed at 1:30 o'clock. This will remove the necessity for remaining in the school building during the hottest part of the day.

Yesterday the senior girls of the domestic science class entertained the members of the board of trustees and their wives and Principal Goulding and his wife at luncheon in the domestic science rooms, with a very appetizing menu, which was as follows: Fruit cocktail, fried ham and creamed potatoes, green peas, Parker House rolls, fruit salad, cheese straws, pineapple sherbet, golden glow ice cream and coffee The guests were much pleased with the entertainment and much impressed with the work of the domestic science department.

Junior Play Tonight

What will undoubtedly be one of the best plays of the school year will be presented tonight in the auditorium by the juniors with the help of a few underclassmen, the title of the play being "Engaged by Wednesday." The juniors have been putting in some faithful work in rehearsals and the presentation will be a very interesting one. The cast is as follows: Martin Henry, hired man, Dale White; the cook, Marie Moody; gypsies, Brandt Waston and Horace Ross; college boys, Clyde Curry, Howard Mathews and Dwight Hamilton; college girls, Margery Whiteside, Louise Langford, Zelia Bouchelle, Eva Greer; old maid aunt, Ruth Chambers; mother of Clyde Curry, Sadie Fisher.

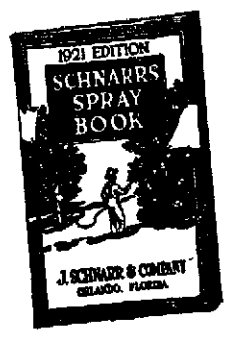

Reynolds Presents Cup

One of the particularly enjoyable features of the chapel exercises Monday morning was the presentation of the loving cup won by this school at the county athletic meet held in DeLand last Friday. At the beginning of the chapel exercises and before Mr. Reynolds had arrived with the cup, Irwin Disbennett, Dorothy Louise Fuller and Miss Ferguson had told the pupils all about the trip and the meet and how the school had carried off the honors Just as these talks were finished Mr. Reynolds was seen at the door with the trophy in his hand. Principal Goulding called him to the stage and he awarded the cup to "the rightful winners," as he expressed it, and without doubt the most sincere applause ever given by New Smyrna high greeted this announcement, the applause coming from these "rightful winners."

Good Boxing Matches

Some good matches were provided in the boxing program staged under the auspices of the Hi-Y club Tuesday night. The first match was between Disbennett and Curry, which was chaged from a wrestling match to a boxing bout. Both got in some good clouts, but neither went down. The three round bout between Louis Howell and Brandt Watson was as pretty a bout as was ever staged anywhere. Both were calm and serene, and used science rather than strength and energy, which is the mistake made by so many amateur boxers. The bout between Louis Bouchelle and Fred Holley was, perhaps, the fastest one of the evening and was featured by the speed put into it by both of the boxers. The last match was between Allen Smith and Charlie Swoope and was characterized by both speed and power. This was the first boxing program ever staged at the school. The fellows are much taken up with the sport and it is probable another program will be given soon, to which visitors will be invited.

Control—White Fly and Scale
Produce—Bright, Fancy Fruit

USE
Niagara SOLUBLE SULPHUR Compound
WITH
Schnarrs Spray Formula

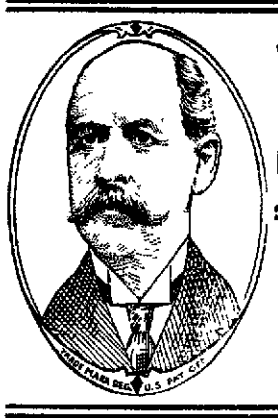

This Economical Combination Spray for White Fly, Scale Insects and Rust Mites controls these destructive pests—protects your trees against their ravages.

Used as directed, increases the yield and produces more boxes of bright, fancy fruit which always commands a higher price.
